## 2021 Cook County Tax Rates Released

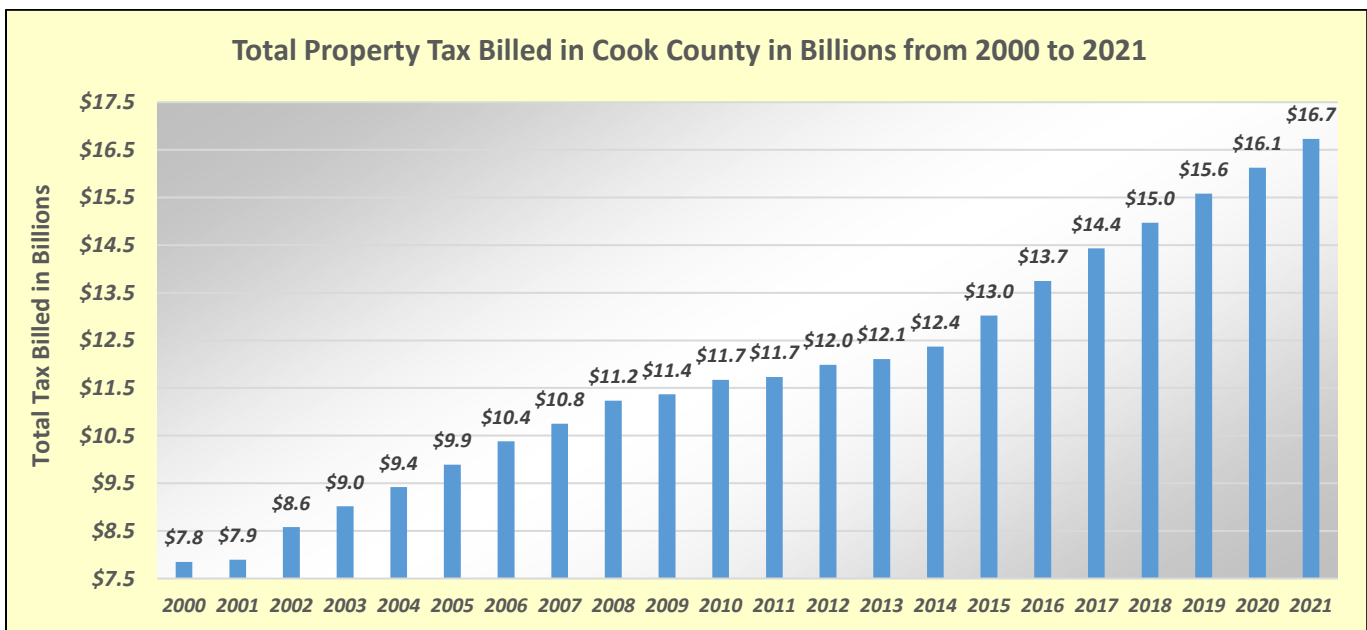

***Second-Installment Bills will be due December 30, 2022***

The Clerk’s Office has completed the calculation of 2021 property tax rates for more than 1,400 taxing agencies in Cook County and released its annual tax rate report Monday.

The Clerk’s Tax Extension Unit is responsible for calculating property tax rates for all local governments in Cook County that authorize the collection of revenue through real estate taxes, according to Clerk Karen A. Yarbrough.

### Total Tax Billed Continues to Increase Year Over Year

Once again, the total property tax billed for taxing districts in Cook County continues to steadily increase. Last year the total tax billed was \$16.1 billion, this year the total tax billed is over \$16.7 billion. This is a nearly 4% increase which is due to several factors such as assessed values, taxing district levies, and the state-issued equalization factor.

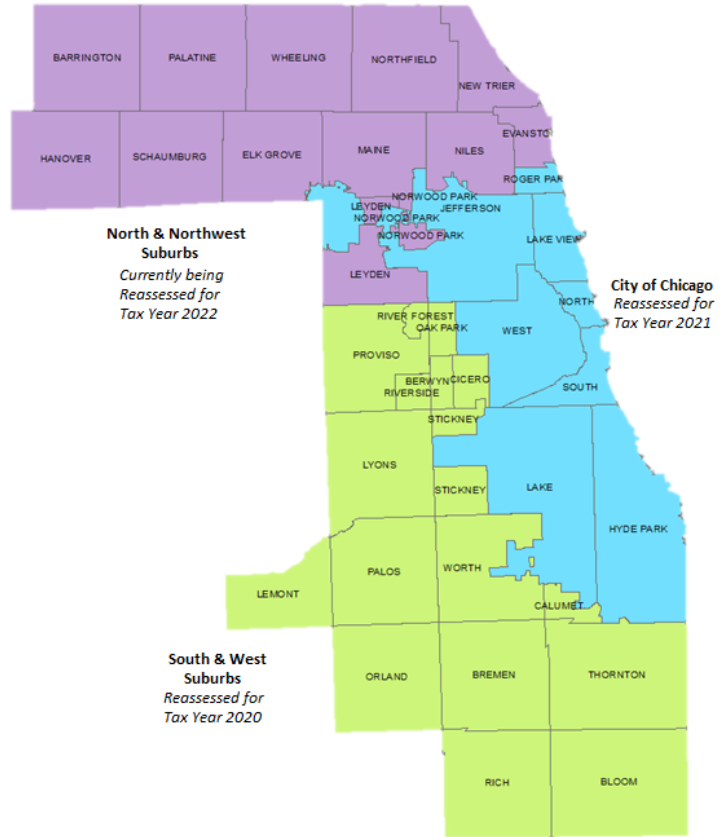

## 2021 Re-Assessment

Each year one-third of the County is fully reassessed by the Cook County Assessor’s office. The City of Chicago was reassessed for tax year 2021, which is reflected in the tax bills currently payable.

Because of this “triennial” cycle, changes in individual property assessments reflect a three-year difference in property values. For example, the last time most City of Chicago properties were examined by assessment officials was tax year 2018.

The north and northwestern suburbs (suburbs north of North Avenue) are currently being reassessed for tax year 2022.

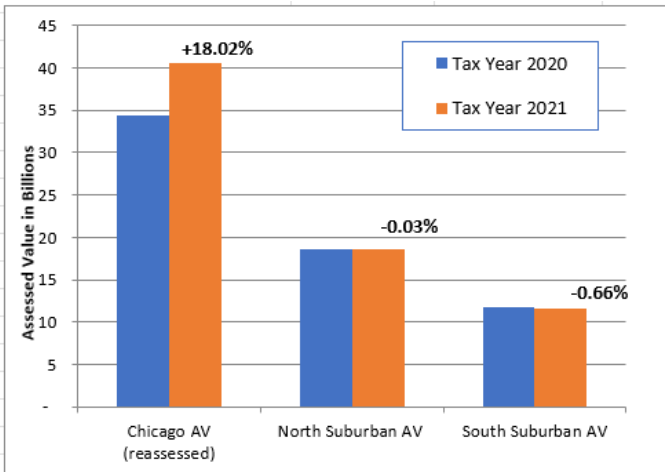

The south and western suburbs (suburbs south of North Avenue) were reassessed last year (tax year 2020) and will be reassessed again for tax year 2023.

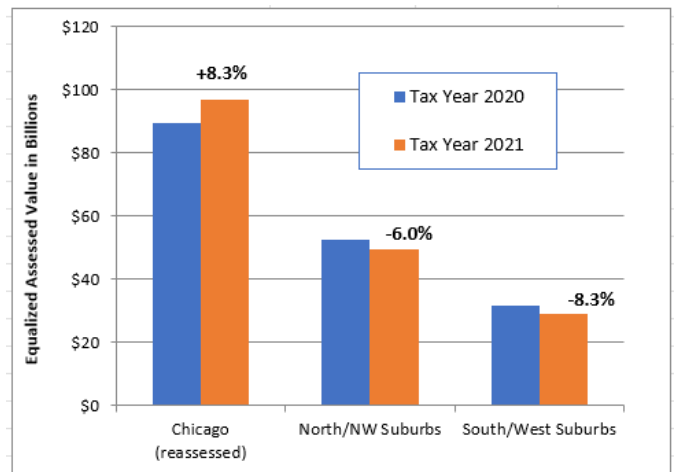

## Assessment and Tax Changes by Region

The following charts show the impact of the triennial reassessment on the three regions of Cook County on overall assessed values (AVs) and equalized assessed values (EAVs) in each of the three Cook County regions). The City of Chicago, which was reassessed for tax year 2021, had a total assessment increase of approximately 18% while assessments in the suburbs remained mostly flat.

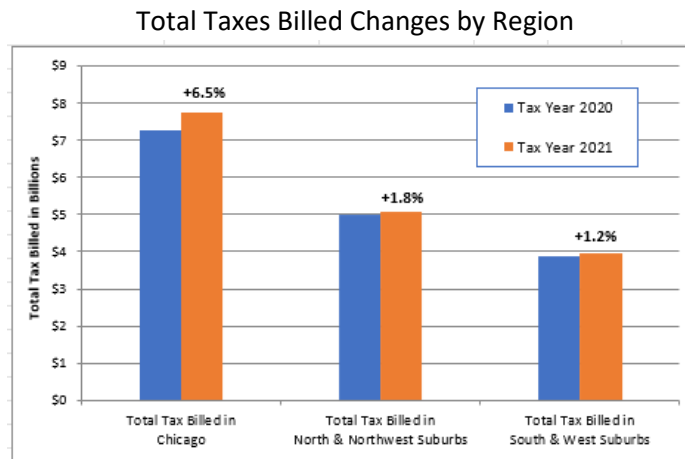

Assessed Value (AV) Changes by Region

Equalized Assessed Value (EAV) Changes by Region

The chart below shows the increase in total tax in each of the three Cook County regions.

### Comparative Property Tax Changes

Increases or reductions in assessed values do not necessarily mean increases or reductions in property taxes to individual properties. Changes in property taxes may be analyzed in many ways such as, but not limited to, by median, average, region, or municipality.

In order to assess the changes impacting Cook County properties as a whole, the following examples utilize average estimated market values of Single-Family Dwellings and Commercial properties to evaluate possible property tax changes by region.

### Property Tax Changes for Average Single-Family Dwellings by Region

*AVERAGES ONLY; Individual Property Tax Bills Will Vary Depending on Impacting Factors*

	2020 Average Estimated Market Value <sup>1</sup>	2021 Average Estimated Market Value <sup>1</sup>	% Change Average Estimated Market Value <sup>1</sup>	2020 Average Tax Rate <sup>2</sup>	2021 Average Tax Rate <sup>2</sup>	% Change Average Tax Rate <sup>2</sup>	2020 Tax Bill Average Property <sup>3</sup>	2021 Tax Bill Average Property <sup>3</sup>	Tax Bill Change Average Property <sup>3</sup>	% Tax Bill Change Average Property <sup>3</sup>

3. Sample Commercial Tax Bill calculated as: (Assessor-derived Market Value x 25% Assessment Level x Equalization Factor) x Tax Rate

## Factors that Impact Property Tax Increases or Decreases

The tables in the previous section provide examples of average trends within Cook County.

The four most impactful factors which affect whether or not individual property tax bills will increase or decrease are:

- The amount of property tax requested by the taxing districts (property tax levies)
- The change in the value of a property relative to other properties within the same districts (property assessment)
- The 6.8% decrease in the state-issued equalization factor compared to the prior year (from 3.2234 for 2020 to 3.0027 for 2021)
- Property tax exemptions. (For example, if a property received a Homeowner Exemption one year, but did not receive it the following year, the final taxable value of that property could be up to 10,000 higher without the exemption.)

In the suburbs, which were not reassessed this year, the average residential tax bill may remain mostly flat. However, with over 1,400 taxing districts servicing over 1.8 million properties of numerous classifications and values, there is a great deal of variability in individual tax bills. Individual tax bills in the suburbs may increase or decrease depending on the combination of taxing districts servicing those properties.

## Overview of the City of Chicago

The City of Chicago was reassessed for tax year 2021. Previously, the last time the City was reassessed was for tax year 2018 (bills issued in calendar year 2019).

Unlike the suburbs, in the City of Chicago, where most residents are serviced by the same taxing districts (City of Chicago, Chicago Public Schools, City Colleges, Chicago Park District, Metropolitan Water), there is less variability in tax rates. Therefore, changes in tax amounts for individual properties are heavily influenced by assessment changes.

The overall Assessment increase for residential properties in Chicago this year is approximately 20%.

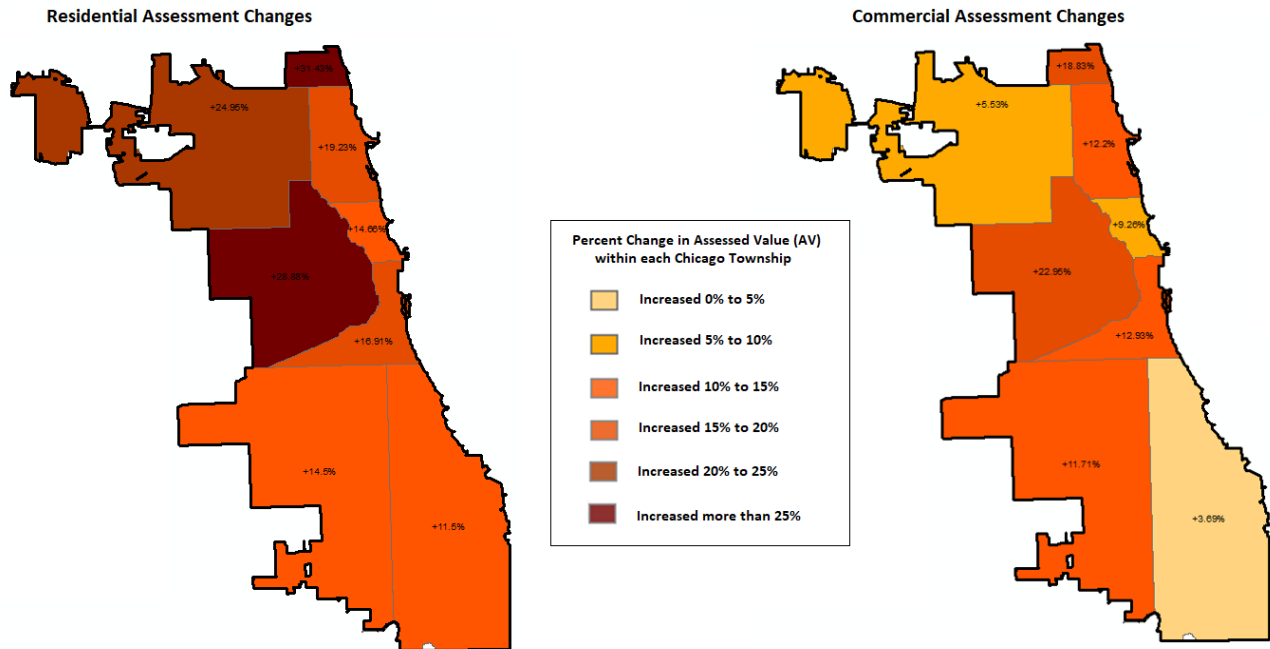

When that increase is coupled with the 6.8% decrease in the state-issued equalization factor compared to last year and the 3.1% decrease in the City's general composite tax rate the result is that individual residential properties with a 10% assessment change are likely to see little to no change in their tax bills this year. City properties with larger assessment increases will likely receive higher tax bills and City properties with smaller assessment increases or even decreases may receive lower tax bills compared to last year.

The total tax billed by the major taxing districts in the City of Chicago increased by approximately 4.8%. This tax increase, when offset by the total taxable value increase in the City of Chicago of 8.3%, results in the general composite tax rate in the City of Chicago decreasing approximately 3.1% from 6.911% in 2020 to 6.697% this year.

Individual properties in the City of Chicago with assessed value increases of less than 10.5% will typically experience reduced taxable values and lower tax bills, while those with increases of more than 10.5% will typically experience increased taxable values and higher tax bills.

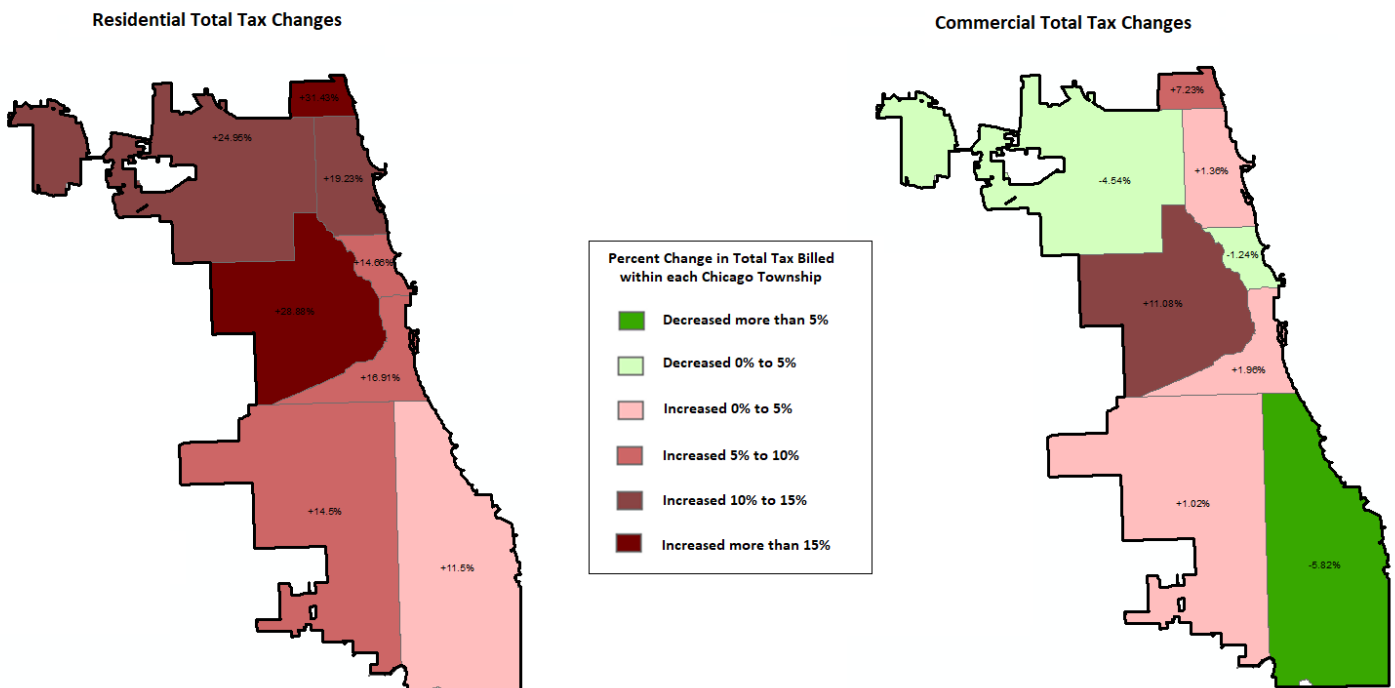

## Assessment Changes in the City of Chicago

The overall assessed value of residential properties in the City of Chicago increased approximately 20% while the overall assessed value of commercial properties increased approximately 13%. The maps below show which regions of the City experienced the greatest assessment increases.

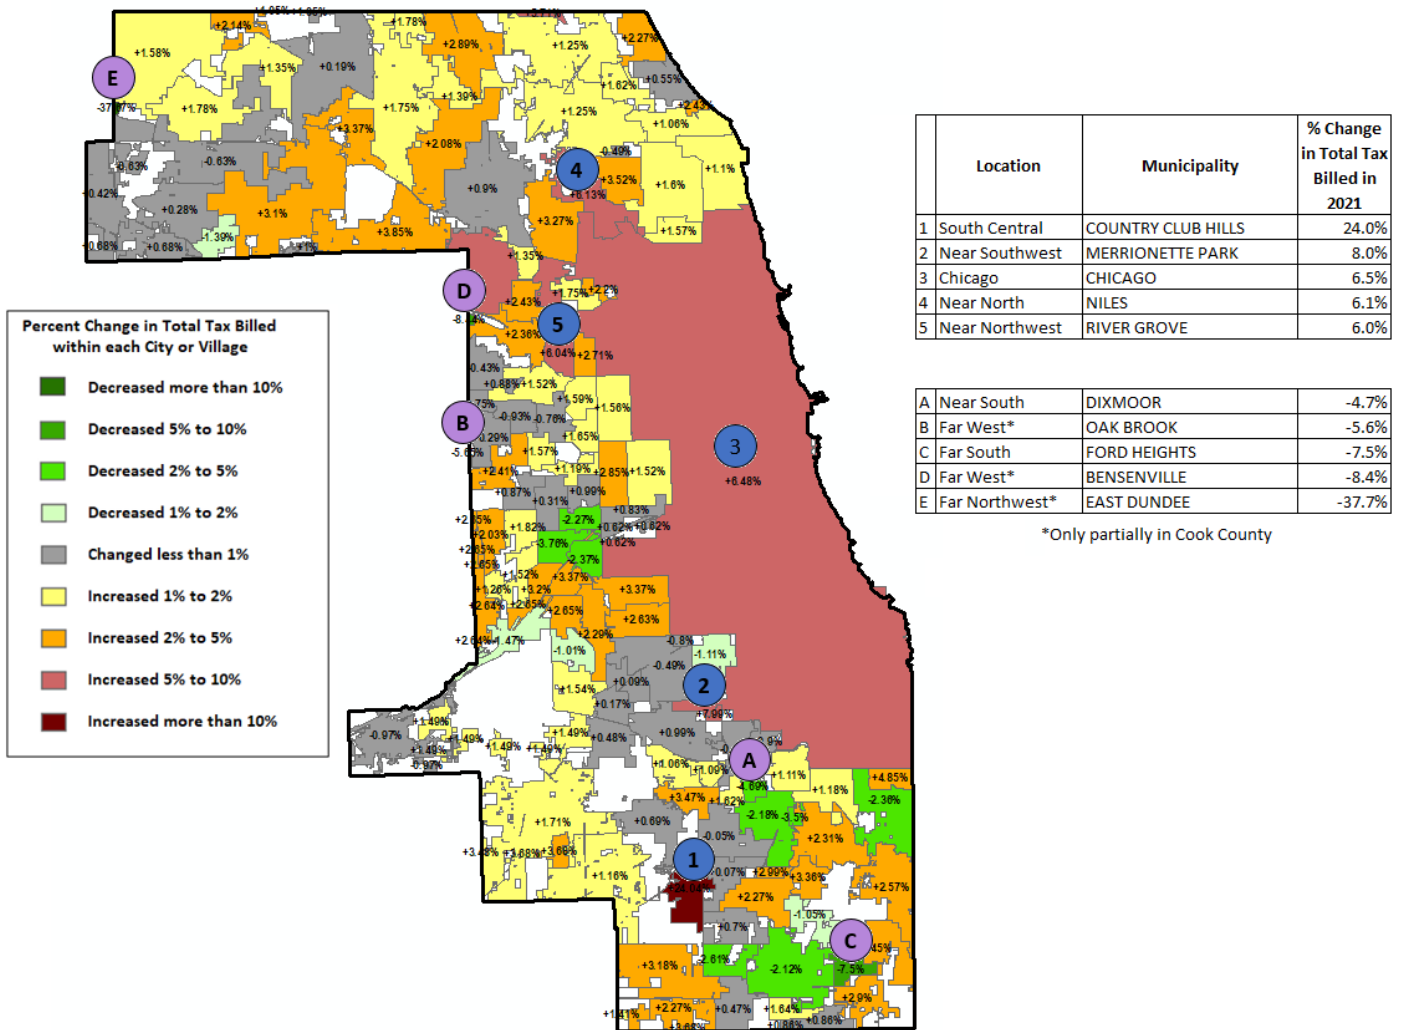

## Tax Changes in the City of Chicago

The total amount of tax billed to residential properties in the City of Chicago increased approximately 6% this year compared to last year. The total amount of tax billed to commercial properties increased approximately 2%. The maps below show which regions of the City experienced tax increases and decreases.

## Municipalities with the Largest Increases and Decreases in Total Tax Billed

Below is a map of Cook County displaying the percentage increases or decreases in total property tax billed within each City or Village for tax year 2021. The five municipalities with the largest increases and decreases in total tax are listed in the corresponding table which indicates the variation that can occur in tax bills across the County.

It is important to note that individual properties within each city, village, or township may experience property tax increases or decreases that do not align with the overall tax increase or decrease for that area. For example, not every property in the City of Country Club Hills will experience a property tax bill increase of 24%. In fact, most of the tax increase in Country Club Hills is the result of new developments within the City’s two Tax Increment Financing Districts (TIFs).

Conversely, East Dundee has only two taxable properties within Cook County. The nearly 38% tax reduction in this Village only reflects the portion in Cook County. The majority of the properties in this Village are in Kane County and any tax changes for those properties are not reflected in this report.

Tax rates in the various Cook County suburbs differ due to the large number of municipalities, school districts, park districts, and other taxing districts which provide different services. Specific areas will experience larger or smaller tax

changes depending on the taxing districts associated with those areas. Additionally, taxpayers within the same suburb may pay different rates based on the specific taxing districts, which provide their services.

## Other factors that impact taxes

### Property Tax Relief Grants

Several years ago, the State of Illinois authorized the Property Tax Relief Program for eligible school districts. This year, 31 school districts in the south and western suburbs were able to provide property tax relief to their constituents through this program, which provides for a combination of grants and tax levy reductions.

SCHOOL DISTRICT NAME	REDUCTION IN TAX
SCHOOL DISTRICT 92	\$398,641
SCHOOL DISTRICT 103	\$2,030,781
SCHOOL DISTRICT 104	\$1,340,168
SCHOOL DISTRICT 124	\$1,630,822
SCHOOL DISTRICT 127	\$929,707
SCHOOL DISTRICT 132	\$631,377
SCHOOL DISTRICT #133	\$153,442
SCHOOL DISTRICT C C 146	\$1,706,979
SCHOOL DISTRICT 148	\$918,404
SCHOOL DISTRICT 151	\$1,280,959
SCHOOL DISTRICT 152 1/2	\$557,625
SCHOOL DISTRICT 155	\$541,484
SCHOOL DISTRICT 156	\$268,785
SCHOOL DISTRICT 157	\$658,882
SCHOOL DISTRICT 158	\$1,694,932
SCHOOL DISTRICT 159	\$1,548,084
SCHOOL DISTRICT 160	\$738,989
SCHOOL DISTRICT 161	\$1,891,656
SCHOOL DISTRICT 162	\$1,939,938
SCHOOL DISTRICT 163	\$520,747
SCHOOL DISTRICT 167	\$790,238
SCHOOL DISTRICT CC 168	\$504,506
SCHOOL DISTRICT 169	\$204,277
THORNTON TOWNSHIP HIGH SCHOOL 205	\$3,196,812

COMMUNITY HIGH SCHOOL 217	\$1,718,380
COMMUNITY HIGH SCHOOL 218	\$4,418,655
RICH TOWNSHIP HIGH SCHOOL 227	\$2,429,117
COMMUNITY HIGH SCHOOL 228	\$3,330,148
COMMUNITY HIGH SCHOOL 231	\$839,848
HOMEWOOD FLOSSMOOR COMM HIGH SCHOOL 233	\$1,751,492
<b>TOTAL PROPERTY TAX RELIEF REDUCTION IN SOUTH &amp; WEST SUBURBS</b>	<b>\$42,318,739</b>

## Voter Initiatives

Each election, taxing districts have the opportunity to request voter approval for property tax increases through referenda. The most common types of property tax referendum in Cook County are debt service bonds or exceptions to the Property Tax Extension Limitation Law (PTELL) also known as the “Tax Cap Law”.

This chart reflects taxing districts in which debt service increases were authorized by voters.

District Name	Bond Amount Approved by voters	Municipality(s)
Village of Flossmoor	\$10,000,000	Flossmoor
Village of Glencoe	\$10,000,000	Glencoe
Village of Western Springs	\$12,000,000	Western Springs
School District 34	\$119,000,000	Glenview, Golf, Northfield
School District 87	\$105,000,000	Bellwood, Berkeley, Hillside, Melrose Park, Northlake, Stone Park
High School 207	\$195,000,000	Near Northwest suburbs
Unit School 205	\$168,500,000	Oak Brook
Unit School 220	\$147,000,000	Far Northwest suburbs
Unit School 401	\$55,000,000	Elmwood Park, River Grove
Palatine Rural FPD	\$2,200,000	Deer Park, Inverness

Additionally, voters in School District 113A, which lies in the Villages of Lemont, Palos Park, and Willow Springs, as well as partially within DuPage County, approved a “Limiting Rate Increase” referendum in April 2021. This successful referendum allowed the district to receive more property tax revenue this year than would otherwise have been authorized by the Tax Cap Law.

## Summation

- This report has presented the general trends occurring in Cook County. Each tax bill will vary depending on specific circumstances including taxing district levies, individual assessments, and other factors.
- The total tax amount billed in Cook County has increased nearly 4%, exceeding \$16.7 billion for tax year 2021.
- The overall taxable value (EAV) in Cook County has increased by just less than 1% for tax year 2021 compared to 2020.
- While specific assessment increases or decreases within the City of Chicago varied by property class and region, the overall assessment within the City increased 18%, primarily due to the three-year reassessment.
- The state-issued Equalization Factor decreased by 6.85% from 3.2234 in 2020 to 3.0027 in 2021. A decreased Equalization factor offsets assessment increases and amplifies assessment decreases.
- In the City of Chicago, overall taxable values increased approximately 8%, as a result of increased assessments and the reduction in the Equalization Factor.
- Tax rates are generally higher in the suburbs and are approximately 3% lower in Chicago this year.
- The 2021 second-installment property tax bills are currently payable online. Tax bills were mailed on December 1 with a due date of December 30, 2022.

###

## Definitions of Property Tax Terms

**Assessed Value (AV):** The fair market value, determined by the county assessor, multiplied by the assessment level for a class of property (ie. residential, commercial, industrial, etc).

**Composite Tax Rate:** The sum of the tax rates of all the taxing districts (municipality, school district, park district, etc.) which service an individual property.

**Equalization Factor:** A factor, established by the Illinois Department of Revenue, used to bring the aggregate value of assessments within Cook County to 33 1/3% of the estimated actual fair market value of all real property in Cook County. This factor, also called the "multiplier" or "equalizer," is calculated by the state each year.

**Equalized Assessed Value (EAV):** The assessed valuation of each property multiplied by the equalization factor, less applicable exemptions. This is also known as the Taxable Value.

**Exemptions:** For properties and taxpayers who meet certain criteria, all or a portion of qualifying property values may be excepted from taxation under Illinois law. For residential property, a portion of taxable value will be excepted, such as with the homeowner or senior exemptions, if the taxpayer meets statutory requirements.

**Home Rule:** Home rule units of government are those counties and municipalities which have met statutory requirements to exercise any power and perform any function unless it is specifically prohibited from doing so by state law. Home rule districts are not subject to tax rate limitations of the Property Tax Extension Limitation Law (PTELL).

**Tax Cap Law / Property Tax Extension Limitation Law (PTELL):** A law which allows a taxing district to receive a limited increase in the property tax extension on existing property within that taxing district, plus an additional amount for new construction. It limits increases in property tax revenue by the rate of inflation.

**Tax Extension:** "Tax Extension" refers to both 1) the amount of property tax to be billed for a taxing district and 2) the process of calculating the tax rate required to obtain the billable amount when applied to all taxable value within the district.

**Tax Levy:** A taxing district's request for revenue to be obtained from property taxes for a given tax year.

**Tax Rate:** The tax levy of a district divided by the total equalized assessed value (EAV) of that district, subject to statutory limitations.

**Taxable Value:** See Equalized Assessed Value (EAV).

# 2021 Property Tax Frequently Asked Questions

## Are my property taxes increasing?

Overall Cook County property taxes are increasing. However, Individual tax bills may vary since property taxes are impacted by various factors. How much they change is contingent upon how much your individual property value changed compared to prior year and how much the respective district's tax levies increased that service your property.

Below is a quick reference of single-family property changes in the City of Chicago and the Suburbs.

### City of Chicago

- **+8.9% increase in property tax for average single-family dwelling (North Chicago)**
- **+4.1% increase in property tax for average single-family dwelling (Central Chicago)**
- **+5.6% increase in property tax for average single-family dwelling (South Chicago)**

### North & Northwest Suburban Cook County

- **+0.9% increase in property tax for average single-family dwelling**

### South & West Suburban Cook County (Reassessed)

- **+1.1% increase in property tax for average<sup>1</sup> single-family dwelling**

The comparative analysis above uses average estimated market values of Single-Family Dwellings and Commercial properties to evaluate possible property tax changes by region.

***For a more granular examination of changes in median taxes and individual tax bill increases or decreases at local levels by property classification, see the Tax Year 2021 – Property Tax Bill Analysis prepared by the Cook County Treasurer.***

<https://www.cookcountytreasurer.com/pdfs/taxbillanalysisandstatistics/taxyear2021analysis.pdf>

## How are Tax Bills calculated?

The process of calculating tax bill amounts involves several Cook County offices.

1. The Cook County Assessor sets the "Assessed Value" (AV) of each property. For residential property, this is 10% of the estimated market value as determined by the Assessor.
2. Then, the Cook County Board of Review may review and revise Assessed Values if individual property owners choose to file appeals.
3. The Illinois Department of Revenue sets an Equalization Factor each year to ensure Cook County properties are taxed in a uniform manner with the rest of the state.
4. The Assessor applies the Equalization Factor to all properties in Cook County.
5. Residential property owners who meet certain criteria are then allowed certain property tax exemptions.
6. The total Assessed Value as Equalized, minus any applicable exemptions is the Equalized Assessed Value (EAV) of the property. This is the taxable value of the property.
7. Taxing Districts adopt annual property tax levies and file them with the Cook County Clerk.
8. The Clerk's office then calculates tax rates for all taxing districts in Cook County.
9. The Clerk then sums the tax rates of all taxing districts which service an individual property to calculate a composite tax rate for that property.

---

<sup>1</sup> Average Estimated Market Value based on Average Assessed Value for single family residences divided by level of assessment.

10. The Total EAV of the property is then multiplied by the composite tax rate of the property to determine the total tax amount.
11. The Cook County Treasurer’s office will then subtract the amount paid by the property owner in the first installment tax bill to calculate the second installment tax bill amount.

### Sample Residential Tax Bill Calculation

Estimated Market Value	200,000	Assessed Value (AV)	20,000	Equalized Assessed Value (EAV)	50,054
x Assessment Level	10%	x Equalization Factor	3.0027	x Composite Tax Rate	6.697%
Assessed Value (AV)	20,000		60,054	<b>Total Tax Amount</b>	<b>\$3,352.12</b>
		- Homeowner Exemption	10,000	First Installment Payment	\$2,070.00
		Equalized Assessed Value (EAV)	50,054	Second Installment Tax Bill Due	\$1,282.12

### How does the triennial assessment of property impact tax bills?

Changes in property values due to reassessment may impact tax rates. However, impact to individual property taxes may vary.

Pursuant to state law, the Assessor reassesses property in one of three geographic regions in the County every three years (triennial assessment). For tax year 2021, the City of Chicago reassessed. In 2020, the south and western suburbs were reassessed, and the north and northwestern suburbs are scheduled for reassessment for tax year 2022.

**\*Note: When assessed values increase and a levy remains static, the tax rate will decrease. A tax bill is a product of the amount of money sought from taxing districts (the levy), the property’s assessed value, the state equalization factor, and the applicable tax rate.**

### How are Tax Rates Calculated?

Determining property tax rates requires input from multiple county offices and all of the taxing districts in Cook County. A taxing district is a government body such as a school district, library or municipality which is authorized to receive funding from property taxes. Each district in Cook County submits a property tax levy to the County Clerk each year. The County Clerk is responsible for calculating tax rates by dividing taxing district levies by the total taxable value (EAV) of all property within each district as determined by the Cook County Assessor and Board of Review. The tax rates of all districts that service a particular property are combined to create the composite tax rate for that property.

**In simple terms, a tax rate is a taxing district’s property tax levy divided by taxable value within that district.**

### Statutory Limits on Tax Increases

The Illinois Property Tax Extension Limitation Law (PTELL), also known as the “Tax Cap Law,” was put in place in the mid-1990s to prevent districts from increasing their property tax revenues by more than the rate of inflation. This year, districts were limited to an increase of 1.4% (the 2021 Consumer Price Index). However, the Tax Cap Law does not apply to home rule districts, debt obligations, special purpose funds and value derived from new property or terminated Tax Increment Financing Districts (TIFs). Additionally, with voter approval, individual taxing districts may increase their property tax collects beyond what is otherwise allowed by the Tax Cap Law.

## What is the Equalization Factor?

The state-issued equalization factors for Cook County for 2020 and 2021 respectively were 3.2234 and 3.0027.

Most other counties in Illinois assess all properties at 33 1/3 percent of fair market value. However, the assessment levels in Cook County are set by ordinance and based upon the property classification (i.e., 10% for residential properties, 25% for commercial properties, etc.). To ensure uniform assessment statewide, each year the Illinois Department of Revenue (IDOR) calculates the equalization factor needed to bring the total assessed value of all properties in Cook County to a level equal to 33 1/3 percent of the total market value of all Cook County real estate.

This year, the state-issued equalization factor decreased by 6.8%. Decreases in the equalizer will counterbalance increases in assessed values and will amply assessed value decreases.

## How do Property Tax Exemptions affect my taxes?

Illinois statutes allow for several types of property tax exemptions for residential taxpayers. Exemptions lower tax bills by reducing the equalized assessed value of your property. The three most common exemptions are:

- Homeowner Exemption: An EAV reduction of \$10,000
- Senior Citizen Exemption: An EAV reduction of \$8,000
- Senior Freeze Exemption: EAV “frozen” for homeowners with a maximum income of \$65,000

(For more information on the Property Tax Exemptions visit <https://cookcountyassessor.com>.)

## Does a high tax rate mean I'll have a high tax bill?

Not necessarily, although the tax rate matters, there are several factors which impact an individual tax bill.

The tax rate is driven by the overall assessed value in a taxing district, the state-issued equalization factor, and the district's tax levy request. Individual tax bills are calculated by applying the composite tax rate (the combined rates of all taxing districts servicing that property) to the property's taxable value (EAV).

Therefore, it is possible that a property with a high tax rate, but a low taxable value may result in a lower bill than a property with a low tax rate but a high taxable value.

Example\*:

<b>Market Value</b>	<b>\$100,000</b>	<b>Market Value</b>	<b>\$300,000</b>
2021 EAV	\$20,027	2021 EAV	\$80,081
x Tax Rate	20%	x Tax Rate	7%
<b>Tax Amount</b>	<b>\$4,005</b>	<b>Tax Amount</b>	<b>\$5,606</b>

*\*Factors to Consider: Residential property is assessed at 10% of Market Value, equalized by a factor of 3.2234 and reduced for a homeowner exemption of \$10,000).*

## Where are the highest average tax rates in Cook County?

- Village of Park Forest has the highest average composite rate of 41.564%
- Village of Riverdale has the 2<sup>nd</sup> highest average composite rate of 31.093%

- Village of Phoenix has the 3<sup>rd</sup> highest average composite rate of 29.950%

## Where are the lowest average tax rates in Cook County?

- Village of Burr Ridge has the lowest suburban average composite rate of 7.220%
- Village of Hinsdale has the 2<sup>nd</sup> lowest suburban average composite rate of 7.503%
- Village of Lemont has the 3<sup>rd</sup> lowest suburban average composite rate of 7.838%

**Note: The City of Chicago's general tax rate is 6.697% for tax year 2021.**

## How does a Chicago tax bill compare to a suburban tax bill for similar properties?

The City of Chicago, with its large commercial and industrial value base, has a relatively low tax rate compared to other municipalities in Cook County. Some North Suburban and West Suburban municipalities have lower tax rates than the City of Chicago, but the average tax rates in the suburbs are still higher than in Chicago. A city or village with a more modest tax base will tend to have a higher tax rate.

\*Sample 2021 property tax bill for homes with the same market value (\$250,000) in the three areas:

- City of Chicago: \$4,358
- North & Northwest suburbs: \$6,466
- South & West suburbs: \$8,503

***\*Because suburban property values and tax rates vary widely, the tax amounts in these regions also vary.***

***Using this same example comparing it to DuPage County; According to the DuPage County 2021 Property Tax Rate Book, the average tax rate in DuPage County this year is 7.3408%. This rate would generate a tax bill of \$5,677 for a \$250,000 market value home in DuPage County using the assessment, equalization, and exemption methodology applicable in DuPage County.***

## Are my taxes as low as they could be?

As referenced above, Illinois statutes allow for several types of property tax exemptions for residential taxpayers. Taxpayers should review their tax bill and determine whether the appropriate exemptions were applied. If you have questions about property tax exemptions, please contact the Cook County Assessor's Office at [cookcountyassessor.com](http://cookcountyassessor.com) to learn more.

Though the time for filing 2021 assessment appeals has passed, you can find out information about appealing your property's assessment for 2022 at the Cook County Assessor's Office and the Cook County Board of Review at [cookcountyboardofreview.com](http://cookcountyboardofreview.com).

2020 Cook County Property Tax Quick Facts

	2021	2020	Difference
<b>Equalization Factor:</b>	3.0027	3.2234	-6.85%

# Distribution of Tax Dollars to Taxing Districts in the City of Chicago

## Where do taxes go in the City of Chicago?

Once tax revenue is collected, it is distributed to the taxing districts. Below is an illustration of how tax dollars were distributed to taxing districts in the City of Chicago last year (Tax Year 2020) compared to this year (Tax Year 2021) for a typical\* Chicago taxpayer. A majority of the typical tax bill goes to the Chicago Board of Education.

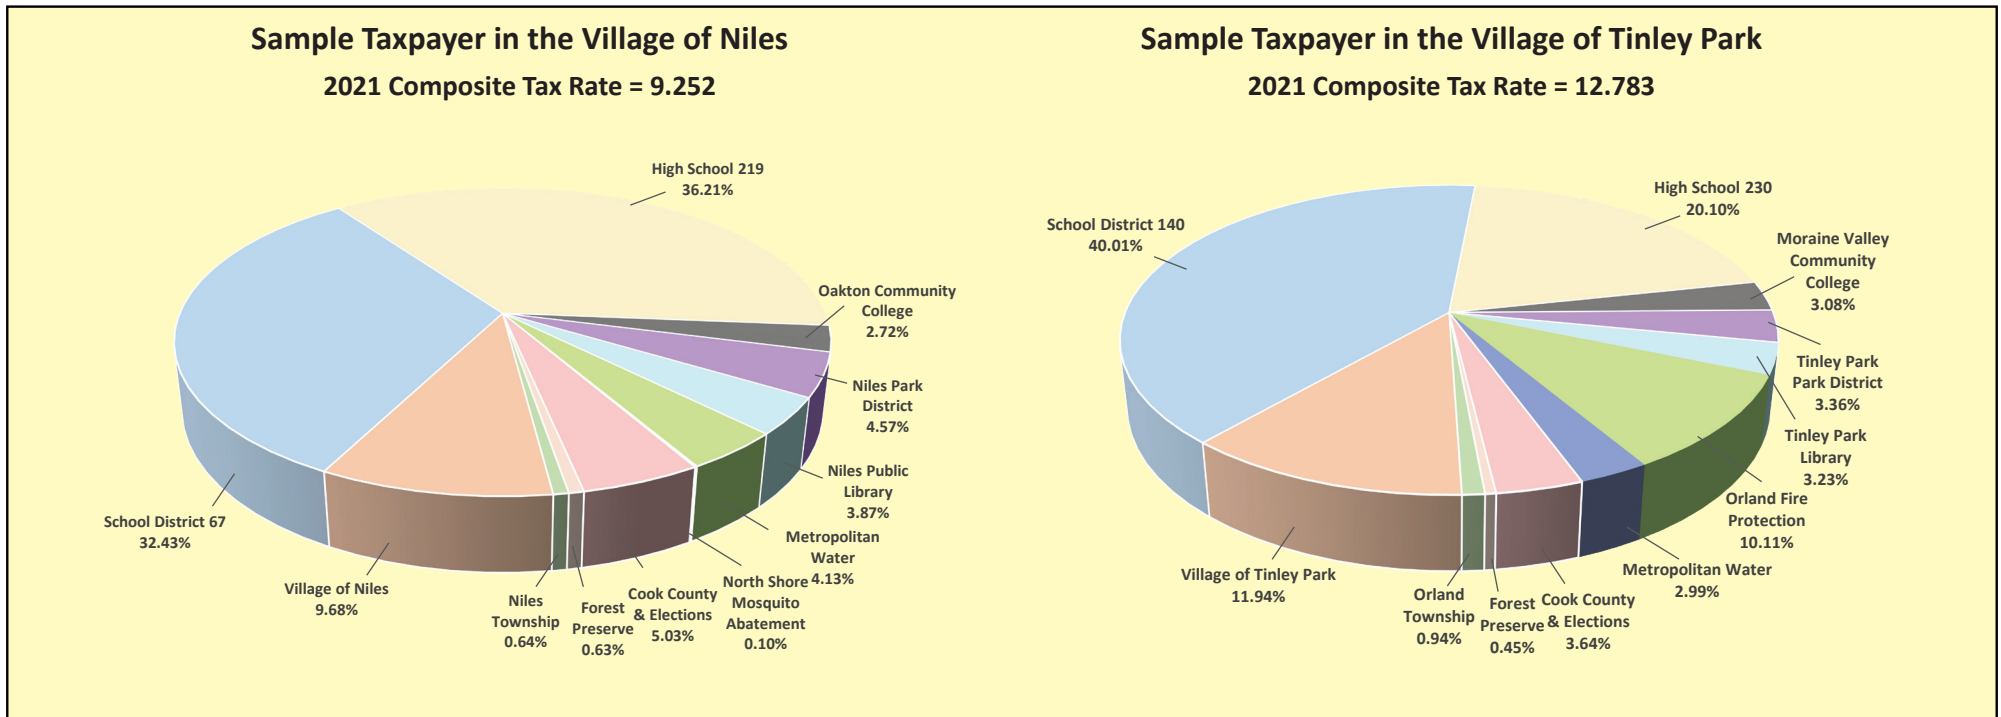

*\*Typical Chicago taxpayers are those who do not pay a portion of their tax bills to special districts which provide services such as mosquito abatement or home equity assurance of other special purposes.*

# Distribution of Tax Dollars to Taxing Districts in Suburban Cook County

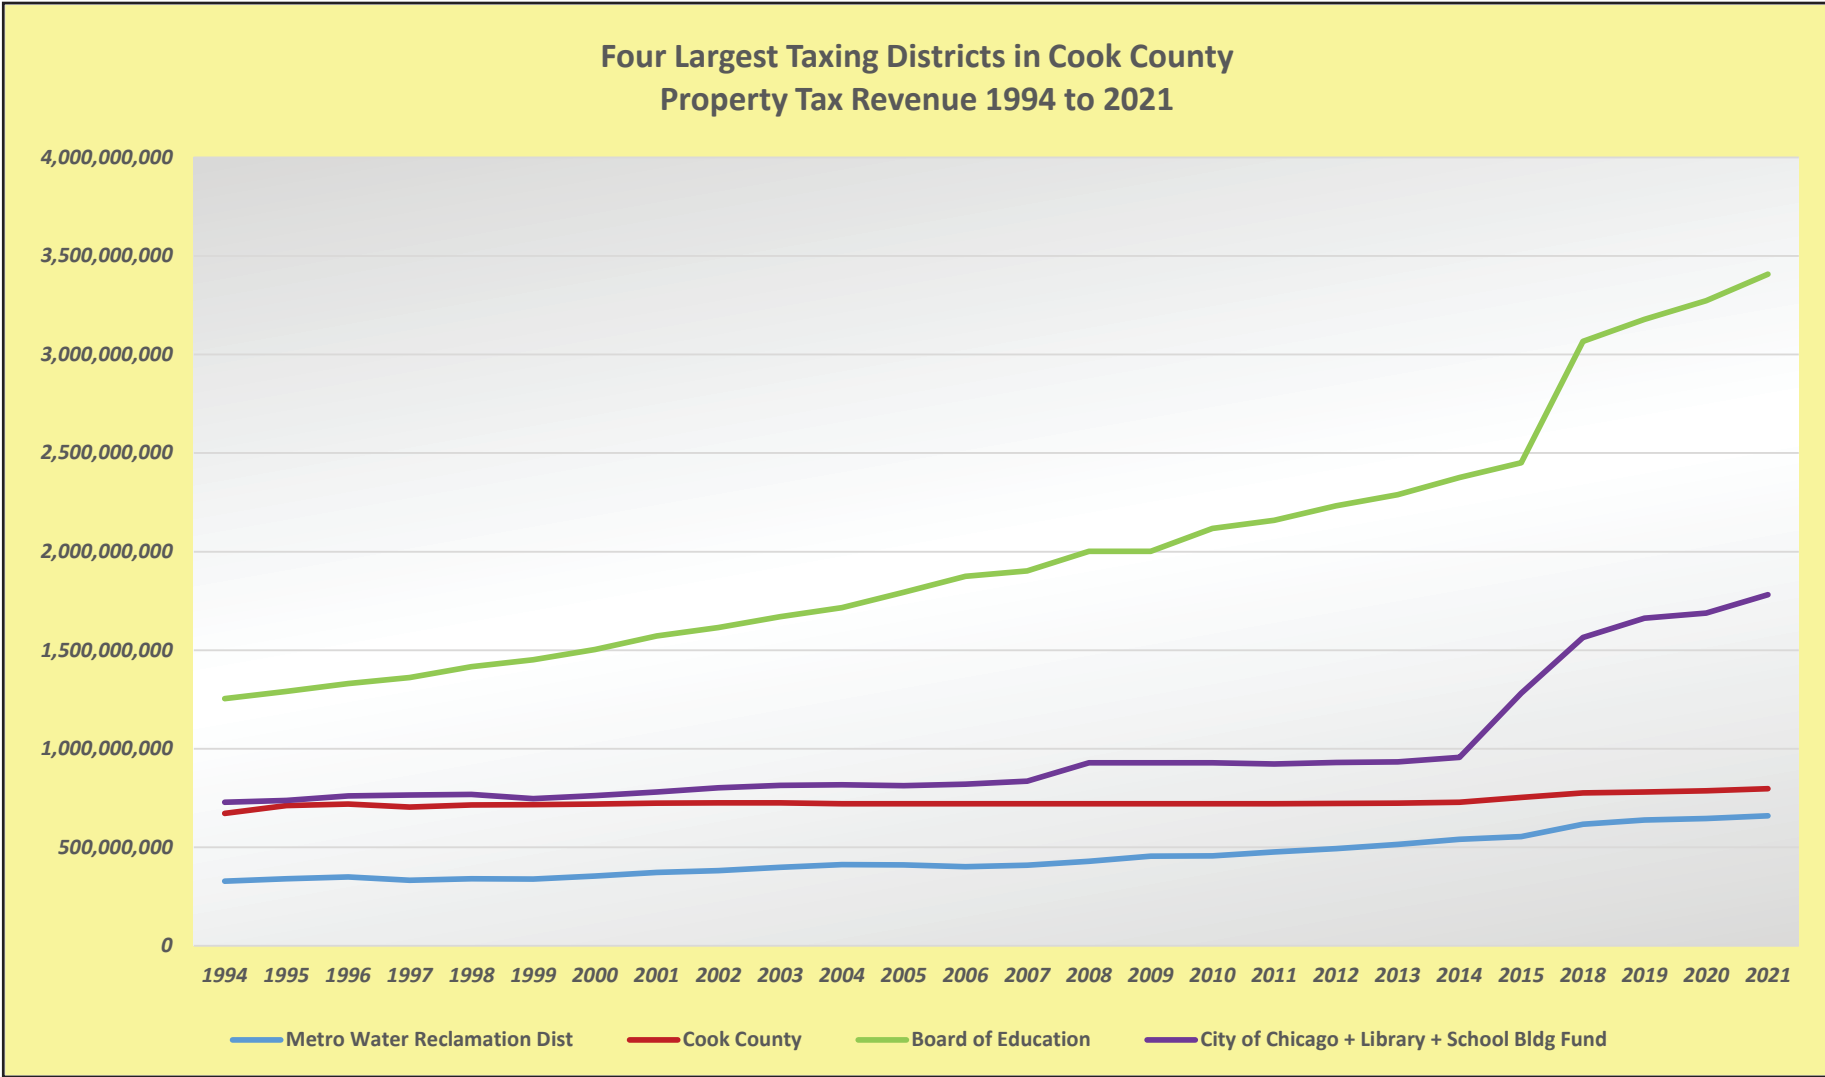

## Where do taxes go in the Suburbs?

Once tax revenue is collected, it is distributed to the taxing districts. Below is an example of how tax dollars may be distributed to taxing districts in one Northern Suburb (the Village of Niles) compared to one Southern Suburb (the Village of Tinley Park) for Tax Year 2021. School districts receive the largest portion of suburban tax bills.

# The Cook County Taxing Districts Which Collect the Most in Property Taxes

Of the \$16.7 billion of property tax billed in Cook County this year, over \$6.6 billion will be collected by just four districts as seen in the chart below.

# How Is My Property Tax Bill Calculated?

1. The Tax Rate for each taxing district is calculated:

$$\frac{\text{Taxing District Tax Levy}}{\text{Taxable Value in Taxing District}} = \text{District Tax Rate}$$

2. The Composite Tax Rate of all taxing districts in your area is calculated:

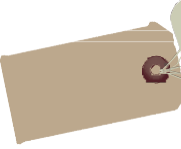

$$\begin{aligned} & \text{County Rate} \\ & + \text{Township Rate} \\ & + \text{Municipality Rate} \\ & + \text{Grade School Rate} \\ & + \text{High School Rate} \\ & + \text{Community College Rate} \\ & + \text{Park District Rate} \\ & + \text{Library Rate} \\ & + \text{Other District Rates} \\ & \hline & = \text{Composite Tax Rate} \end{aligned}$$

3. Your Individual Tax Bill is calculated:

$$\text{Individual Taxable Value} \times \text{Composite Tax Rate} = \text{Tax Bill Amount}$$

The property assessment process is the basis for generating property tax revenues that pay for a portion of schools, city and county services, roads, fire protection, public safety, water and sanitation, and other local services.

	<b>Assessed Value</b>	10% of a \$200,000 Home: <b>20,000</b>
