Dear Election Judge:

As the old saying goes, there is no ‘I’ in TEAM. And that sentiment could not be more accurate in describing the teamwork that is involved in the administration of our elections. As an Election Judge, you are a critical member of our team, and you have a tremendous responsibility to help ensure that our elections run as smoothly as possible.

You are on the front lines, answering voter questions and reassuring them about the integrity of the voting process. For many voters, you are the only contact they have with the Cook County Clerk’s Office, and you represent us well.

For those experienced judges who have stepped up to serve over multiple election cycles, we want to thank you from the bottom of our hearts for your dedicated service. We truly could not get the job done without your support and we welcome you back for another election!

For those who are answering the call and stepping up to serve for the first time in this election, we owe you a huge debt of gratitude as well. It can be a very challenging and intimidating experience to work as a first-time judge and we appreciate your willingness to step up and serve.

This year features the 2023 Consolidated Elections in suburban Cook County, which includes candidates running for local municipal offices, including mayors, trustees, township officials, school districts, park districts, and fire protection districts, among other offices.

The last several years have brought significant changes to the way elections are administered. Throughout these transitions, we have been able to rely on our judges to help voters and each other learn new procedures, adjust to equipment changes, comply with new laws, and sustain our democracy.

The Clerk’s Office has worked diligently in recent years to enhance and improve the voting experience, and you have been an instrumental part of our success. We look forward to continuing our journey together in 2023!

Thank you for being such an important part of our election team and have a great Election Day!

Sincerely,

[Signature]

IMPORTANT NOTE ABOUT CREDENTIALS

ALL visitors MUST have credentials to be in the Polling Place on Election Day

Not including the Media and Exit Pollsters

(Requirements for "People Allowed in the Polling Place" are listed on page 4)

All Cook County Staff, Attorneys & Field Tech Judges will have a green Polling Place ID Card.

→ This includes KNOWiNK representatives.

Pollwatchers MUST have and surrender their Election Day Pollwatcher Credential.

→ Pollwatchers cannot be in the Polling Place without surrendering a credential.

→ There are party associated Credentials and Universal Credentials.

» This Election will only be Universal.

→ Any Credentials surrendered must be completely filled out and signed by both...

» The Pollwatcher

» The sponsoring party, organization or candidate.
Election Judges

Election Judges are the Authority in the Polling Place

Five Election Judges are generally assigned to a precinct; three Democrats and two Republicans, or vice versa. Results of previous elections determine which party has more.

*All Judges are encouraged to vote by mail or during Early Voting prior to Election Day.*

Administrative Judge

Each precinct is assigned one Administrative Judge. They ensure the team is prepared by performing the following duties:

- Remind the team about training.
- Serve as point of contact for the Election Judge team.
- Notify the Election Judge Unit of cancellations, shortages or other problems.
- Read all email correspondence from the Cook County Clerk’s office and follow instructions.
- Check Judge Connect frequently to make sure the team of Judges has not changed.
- Contact the Polling Place to set up a time and a date for supply and equipment check.
- Contact the Election Judge team, including the Polling Place Technician, to check supplies and equipment and to set up voting equipment where possible before Election Day.
- Contact the proper authorities to insure the Polling Place will be open by 5 a.m. on election morning, if necessary.
- Serve as an Election Judge on Election Day

Polling Place Technician (PPT)

Each precinct is assigned at least one PPT for this Election. Polling Place Technician duties include:

- Working with the Election Judge team to check supplies and equipment and assist with the setup of equipment where possible before Election Day.
- Working as an Election Judge in their precinct.
- Troubleshoot election equipment for their precinct.
- Work with Election Judges to close equipment, print results after the polls have closed and transmit on Election Day.
- Have a working cell phone to be used for Polling Place problems on Election Day.
- While at Station 2, monitor the voters that are using the Touchscreens in their precinct.
  - Assist them if they need help.
  - Make sure they successfully cast their ballot before leaving the Polling Place.
- Helping with Station 2 Judge duties.
- Help as PPT in neighboring precincts in a shared polling place if they do not have a PPT.
- Take supplies to the Receiving Station with another Election Judge of the opposite party on Election Night.

There are **NO LEAD JUDGES.**

All Judges have equal authority. However, Administrative Judges and PPTs have additional responsibilities that are key to a successful election.

*If you cannot work on Election Day, call the Election Judge Unit immediately: (312) 603-0965.*

*If your precinct has fewer than three Judges or one of the Judges has not shown up, call the Election Judge Unit at (312) 603-0965.*
Election Judges (continued)

Student Judge
Illinois law allows certain High School Juniors and Seniors, who are not necessarily of voting age, to serve as Election Judges. Student Judges must:
▶ Maintain a minimum 3.0 grade point average.
▶ Obtain permission from their parent or guardian and school principal.
Student Judges receive the same training and pay as the other Election Judges. They also hold the same authority. They are not there to work for the other Election Judges, but with them as Election Judges.

Back-up Pool Judge
If all Judges are not present before the polls open, call the Election Judge Unit at (312) 603-0965 to request a Judge. Back-up Pool Judges have been trained and are on stand-by at local repair stations. If a Back-up Pool Judge is available, one will be sent out immediately. When the Back-up Pool Judge arrives, an Election Judge must add them, using the “Pollworker Sign In” screen and administer the Election Judge Oath to them.

Walk-in Judge
If a Back-up Pool Judge is not available, a registered voter in Cook County may serve as a Walk-in Judge. A Walk-in Judge must represent the same party as the absent Judge.

To appoint a Walk-in Judge, an Election Judge must call the Election Judge Unit at (312) 603-0965 for approval. Once the Walk-in Judge is approved, an Election Judge must enter their information and administer the Election Judge Oath. If you cannot get through immediately, the Walk-in Judge can serve until you reach someone in the Election Judge Unit for approval.

All decisions made by Election Judges are done on a majority basis.

Election Judge Duties

Election Judge duties include:
▶ Following the procedures set forth in the Election Judge Manual.
▶ Reporting any non-working or missing equipment immediately by contacting the Call Center at (708) 222-5100.
▶ Running a fair and impartial election.
▶ Keeping order in the Polling Place.
▶ Maintaining a Campaign-free Zone.
▶ Removing any campaign literature left by voters.
▶ Leaving the Polling Place room in the same condition as when you arrived.
▶ Keeping the Polling Place open from 6 a.m. to 7 p.m.

Election Judges must:
▶ Complete training
▶ Assist with checking supplies and equipment and setting up voting equipment, where possible, before Election Day.
▶ Arrive no later than 5 a.m. on Election Day.
▶ Have polls open at 6 a.m. sharp.
▶ Keep all unauthorized persons away from voting equipment.
▶ Try to ensure that both political parties are always represented in the precinct.

Election Judges must not:
▶ Participate in any form of Electioneering on Election Day.
▶ Go outside the Polling Place door to distribute literature.
▶ Maintain voter records for any party, candidate, civic organizations or opinion that is on the ballot.
▶ Wear campaign buttons, ribbons or distinctive colors identifying with a specific party, candidate, civic organization or opinion that is on the ballot.
Election Judge Conduct

Conduct

▶ Conduct yourself in a professional manner at all times.
▶ **Do not** make any of -the-cuf comments.
  → Do not joke or make light-handed comments about the Election, a candidate, a contest or about voting.
  » Voters take voting very seriously and **ALL** Judges should do the same.
▶ No profanity or foul language.
▶ No loud music.
▶ **NO USE** of personal cell phones, beepers or pagers during working hours in the voting room.
▶ **NO USE** of personal laptops, tablets, iPods, DVD players or headphones during working hours.
  → No watching movies or TV on your laptop while at your workstation.
▶ No intoxication in the Polling Place.
▶ Do not conduct personal business while working as a Judge.
  → On your 15 minute break or on your lunch hour, if you need to conduct any personal business, do it away from your workstation.
▶ **Food or drink is not permitted at your work stations at any time.** Eat away from the equipment and work materials.

Dress code

▶ Casual/Business casual dress.
▶ Dress neat and not sloppy, as you are representing the Cook County Clerk’s Office.
▶ No political items may be worn including buttons, t-shirts, hats, etc.
▶ Hats may not be worn in the voting room.

ePollbook Use

▶ If there is a problem with an ePollbook, call the Call Center.
  » 708-222-5100
  » **DO NOT** take matters into your own hands.
▶ The ePollbooks are only for use as ePollbooks during Election Day.
▶ **NEVER** insert any unauthorized devices into any of the USB ports on the ePollbook.
▶ **NEVER** log on to the internet for any reason, outside of our instruction.
▶ Violation of ePollbook usage rules will result in immediate termination.

Availability

▶ Cell Phone:
  » Your cell phone must be turned on all day. Make sure to answer our calls. We must be able to contact you at all times.
▶ eHelp
  » Read and answer all eHelp messages as directed.

Work Hours

▶ Election Day work hours are 5:00 am until all closing procedures are complete.
▶ Arrive by 5:00 a.m. **every** morning.
  » You must be 1st voter ready at 6:00 a.m.
▶ You may not leave early due to not taking your lunch hour or breaks.
▶ Violation of work hour rules may result in immediate termination and removal from the future Elections.
▶ Attendance:
  » Call the Judge Unit and your fellow Judges if you are sick and unable to work or running late.
▶ Breaks (be considerate of your fellow Judges):
  » Lunch - 1.5 hour
  » 3-4 Breaks - 15 minutes each
  » Smokers may not take additional breaks
People Allowed in the Polling Place

Aside from Election Judges and voters, specific individuals are allowed to observe and monitor operations inside the Polling Place before the polls open, during the day and after the polls close. Each observer must present proper credentials or identification and must never interfere with the election process or disturb voters.

Cook County Clerk’s office staff, Field Techs and attorneys

Field Techs, attorneys and clerk’s office staff are representatives from the Cook County Clerk’s office who check on the equipment, operations and conduct within each Polling Place. They may have surveys or questionnaires to complete. All Field Techs, Cook County staff and attorneys must show a green Polling Place Credential Card upon entering the Polling Place. They do not have to surrender it to the Election Judges.

Field Technician Judges (Field Techs)

Field Techs will visit Polling Places as a courtesy or to investigate problems with equipment. They can also provide additional election materials, when requested. Field Techs will show their green Polling Place Credential Card from the Cook County Clerk’s office. They do not have to surrender it to Election Judges.

Approved law enforcement officials

Law enforcement representatives must display proper identification or a badge from their respective office. They do not have to surrender it to Election Judges. They may handle election materials only if they do not interfere with Polling Place operations.

Approved law enforcement agencies include:

- United States Attorney’s office
- Illinois Attorney General’s office
- Cook County State’s Attorney’s office
- Cook County Sheriff’s Department
- State Board of Election officials

Media and Exit Pollsters

Members of the media and Exit Pollsters are allowed to enter and observe Polling Places. Judges should ask to see identification from members of the media, such as an ID badge or a business card, but they do not need to surrender a credential. Clerk’s Office photographers/videographers need only show their Cook County ID.

Guidelines for Media and Exit Pollsters:

- Media/Reporters/News Crews have the right to photograph and film inside the polling place.
- Individual Voters/Judges can request to be excluded if they do not want to be photographed or filmed – but this does not prevent the media from accessing the polling place and only applies to the excluded individuals.
- Interviews should be conducted at a distance of 100 feet from the entrance, so as to not disturb voting.
- If a problem arises, contact the Clerk’s Communications Department at 312-603-0991 or 312-603-7118.

Media and Exit Pollsters may not:

- Photograph or record voter ballot selections or markings.
- Handle voting equipment or materials.
- Interfere with voter or polling place access.
- Discuss politics or candidates with voters or Judges.
- Conduct interviews inside the Polling Place or within 100 feet of the entrance to the room where voting is taking place.

Poll Watchers

A Poll Watcher is a person who represents a candidate, political party, citizen’s organization, or a proponent or opponent of a question of public policy (Referendum). The following are examples of who a Poll Watcher may be:

- A Candidate
- Precinct Captain
- Elected Official
- Checker/Watcher/Passer
Although these individuals may use these terms to describe themselves, they are all Poll Watchers. All Poll Watchers must be registered voters in Illinois. A Poll Watcher must have a credential in order to observe the election.

A credential is issued by the State Board of Elections or the Clerk’s office and must include a signature or stamp by an official of the State Board of Elections or the Cook County Clerk. They must also include a signature or stamp of the state or local party chairman, a candidate whose name appears on the ballot, the presiding officer or chairman of an organization, or the proponent or opponent of a Referendum on the ballot.

Upon entering the Polling Place, a Poll Watcher must present a signed credential and surrender it to an Election Judge. Any Poll Watcher who refuses to surrender a credential must leave the Polling Place. Place signed credential in Envelope 604.

Credentials must include the township and precinct as well as the name and address of the Poll Watchers.

Poll Watchers must have a credential for each precinct they are watching.

Number of Poll Watchers allowed in a precinct:

<table>
<thead>
<tr>

</tr>
<tr>
<td>Proponents or Opponent of a Referendum</td>
<td>1</td>
</tr>
<tr>
<td>Opponents of a Ballot Referendum or Proposition</td>
<td>1</td>
</tr>
</tbody>
</table>

Poll Watchers may:

- Observe the Polling Place before the polls officially open, during the day, and after the polls close
- Verify that the ballot box is empty, if they are in the Polling Place before polls open at 6 A.M.
- Inspect the voting equipment
- Stand or sit near or behind the Election Judge station to observe the issuing of ballots or activation cards
- Hear the names and addresses of voters as they announce themselves to the Election Judges
- Compare a voter’s signature to the signature we have on file, on screen on the ePollbook.
- Enter and leave the Polling Place throughout the day without presenting another set of credentials
- Collect a precinct results tape at the end of Election Day

A Poll Watcher who observes something improper must notify the Election Judges and not confront the voter directly. Judges must shut down any voting area with defective or non-working equipment.

Poll Watchers may not:

- Attempt any supervisory role in the Polling Place and must not touch official election materials
- Block voter access to the Judges’ table
- Escort voters to the voting booths or voting equipment
- Discuss politics or candidates with voters or Judges, or interfere with the work of the Judges in any way
- Challenge a voter without cause
Dealing with Voter Challenges

Challenges usually come from a Poll Watcher, but can also come from an Election Judge or voter.

- Challenges must be directed to the Judges and NOT to the voter.
- Judges must hear all proper challenges and issue rulings.
  - However, voters may not be harassed or challenged without adequate cause.
- Repeated challenges by Poll Watchers or Judges can lead to expulsion from the Polling Place.
  - If you believe harassing behavior is occurring, call the Legal Helpline immediately at (312) 603-0236. The Clerk’s office has the right to dismiss anonymous complaints.

Challenges Based On Identity or Residence

- Identity
  - It’s not really the voter.
- Residence
  - The voter does not actually live at the address in the precinct.

A challenger must provide Election Judges with a reasonable fact to support the challenge.

Example:

- Unacceptable Challenges:
  - I don’t think he is John Smith
  - “I don’t think she really lives at 123 Main Street”

These types of challenges should be rejected because they are not specific. Voters must be allowed to vote a regular ballot.

- Acceptable Challenges:
  - John Smith is my neighbor and that is not John Smith.
  - She can’t possibly live at 123 Main Street because I live there.
  - That is not the signature on file.

Acceptable challenges must be voted on

- If the majority of Election Judges believe that the challenger has a reasonable challenge, then ask the voter to show some proof of identity or residence, as the case may be. A Driver’s License or State ID is always good proof, but so are many other forms of ID and/or documentation.
- If you decide that the challenge has no merit, allow the voter to vote as usual.
- If you uphold the challenge (agree with the challenger), issue the voter a Provisional ballot. See page 78 to find the specific type of challenge to properly issue a Provisional ballot.

Challenges Based On Previous Vote

Already voted (either by mail, early or grace period):

If the ePollbook says the voter already voted, and the voter says that they:

- Did not vote,
  - Issue a Provisional ballot.
- Voted by mail,
  - And IS returning the Mail Ballot today, turn to page 83.
  - And IS NOT returning the Mail Ballot today, turn to page 85.
- Already Checked-in,
  - Turn to page 93.

Challenges Based On Registration

Every voter who is listed in the ePollbook is properly registered and challenges to these voter’s registration must be rejected.
Special Assistance

The Clerk’s office provides assistance for Spanish-, Tagalog-, Hindi-, Chinese-, Korean-, Polish-, Russian-, Ukrainian-, Arabic-, Urdu- and Gujarati-speaking voters, as well as voters with disabilities and elderly voters.

Voters requiring language assistance
The Clerk’s office is required to provide language assistance in certain precincts under the amendments to the Federal Voting Rights Act of 1992. All posters, ballots and voting instructions are multilingual (usually bilingual, and in some cases, quadrilingual). However, more assistance is sometimes needed. In precincts where no bilingual Election Judges are working and a voter is confused or needs language assistance, Judges should call one of the language-assistance hotlines, listed on the back of the front cover of this manual. A bilingual staff member at the Clerk’s office will provide assistance over the phone. The Clerk’s office provides language assistance for all 11 languages listed above.

Judges assigned as the Bilingual Judge must wear the oversized Election Judge badge, identifying what language they speak. Be sensitive. If a voter seems confused or does not seem to understand instructions, the Bilingual Election Judge should inquire whether the voter would like assistance.

Touchscreens
Each Touchscreen is also equipped with ballots in Spanish and, in certain precincts, all 11 languages.

Audio Ballots
Any voter may request an Audio Ballot, which allows the voter to listen to the ballot on a headset connected to the Touchscreen. Audio Ballots are available in Spanish, Tagalog, Hindi, Chinese, Korean, Polish, Russian, Ukrainian, Arabic, Urdu and Gujarati.

» They may be particularly helpful to voters with limited reading skills.

Voters with disabilities and elderly voters
All but a few Polling Places in suburban Cook County are wheelchair accessible. However, voters with disabilities or elderly voters who are unable to gain entry to a Polling Place can request that Election Judges provide curb side voting.

Assisting voters with disabilities
Voters in need of assistance may request it from a family member, friend, or two Election Judges (one from each party).

Assisted voters and those assisting them must sign an affidavit on the ePollbook prior to voting.

Each Polling Place has at least two Touchscreens. These machines enable many voters with disabilities to vote privately and independently, without any assistance. They are equipped with a headset and keypad to allow voters who are blind or visually impaired to hear the ballot and make their selections by pressing the buttons on the keypad.

Each Touchscreen also has a sip and puff interface located underneath the audio keypad. Voting aids (such as the seated voting booth and magnifier) are also available.

Below are the 2 ballots of Precinct 8000040, a Split Precinct. Can you tell the difference?

### Same Precinct

![Image of 2 identical ballots]

Give each voter their correct ballot. A Split Precinct has different Ballot Styles for different voters.

Although the voters are in the same precinct, they are not in all of the same districts. These differences cause a Split Precinct.
Recognizing Ballot Styles

Precinct Ballot Style Numbers

A Split Precinct is a precinct that has two or more active election districts of the same type within its boundaries.

Example;
The boundary between two state representative districts is a street that runs through the middle of the precinct. On one side, voters choose from one set of candidates and voters choose from a different set on the other side.

→ A Split Precinct will have at least two different Ballot Styles and Activation Codes.
  » Every voter in a Split Precinct is assigned a Ballot Style Number that corresponds to a specific Paper Ballot and Touchscreen Activation Code.

→ To ensure that each voter chooses from the correct set of candidates.
  1. Identify and distinguish the number of the Ballot Styles in the precinct before the polls open.
  2. Make sure voters, who choose to vote a Paper Ballot, are issued ballots with correct Ballot Styles.

→ The Ballot Style is found on Voter Information Screens throughout the check-in, on the ePollbook, and on a small Check-in Receipt that prints out after check-in.
  » Ballot Style notices are sent through e-mail and/or in the Open First Envelope.

6

A. Position the Card Activator into the grooves on the silver brace.
B. Slide the Card Activator and brace as one into the port and slot on the right side of the iPad.
   → Connecting both at once.
C. Turn the screw on the back side of the brace to the right, until it tightens into place.
D. Insert the stylus into the hole at the top of the brace.

7

Plug the shorter greenish yellow cord from the ePollbook Printer into the bottom of the Card Activator for power.

Secured Room *(Start here if the room was secure if you set up before Election Day)*

8

Press the power button on the top right corner, on the face of the ePollbook Printer.
   → A blue light on the Card Activator will blink.
   → 2 blue lights on the face of the printer will appear.
   → The ePollbook iPad will automatically power on.

9

Tap the “P” button at the bottom of the first screen when it appears.
   → A screen with the election and location will appear.

10

Tap the black “Get Started” button at the bottom of the screen.
   → The “Enter Pollworker Credentials” screen will appear.
Checklist 5: Election Day ePollbook Setup and Election Judge Oath (continued)

11

A. Enter your Username and Password on the “Enter Pollworker Credentials” screen.
   → They will both be listed on a card on the inside door of the VSC.

B. Tap the “Sign In” button on the right.
   → The “Check-in Option” screen will appear

Check the 3 icons at the top right of the screen.

The Campaign-free Zone provides an intimidation-free election environment for voters in and approaching the Polling Place.

→ Electioneering is strictly prohibited within 100 feet from the door to the room in which voting is conducted. Electioneering includes wearing buttons, badges, tee shirts, sweatshirts, caps, or any type of clothing in specific colors or with slogans, pictures, etc.; asking voters to vote a particular way; or leafleting.

→ Intimidation is a felony under Illinois Law.

Measure 100 feet for the Campaign-Free Zone

Election Judges must mark off 100 feet from the entrance to the room where voting occurs (the Polling Place room) with the blue piece of chalk found in Kit 1.

A church or private school may choose to apply the Campaign-free Zone to its entire property.

→ If so, the proprietor must notify the Clerk’s office in advance of the election.

→ If this applies to your Polling Place, the Clerk’s office will notify you through email.

→ In this case, the chalk mark should be placed at the property’s boundaries outside.

Your Polling Place Type

Determine which of the following scenarios best describes your Polling Place.

→ This will help determine where to place the chalk mark.

▶ In a one-story building or ground floor of multi-story building.

If the Polling Place room is in a one-story building or on the ground floor of a public or private building with two or more floors,

1. Measure 100 feet from the entrance to the polling room.

2. Place the chalk mark on the ground, even if it is still inside the building.

3. Mark all entrances that voters can use to get to the Polling Room.

▶ On a floor other than ground floor of multi-story building.

If the Polling Place room is on a floor above or below the ground floor in a public or private building with two or more floors,

1. Measure 100 feet from the nearest elevator and/or staircase used by voters on the ground floor.

2. Place the chalk mark on the ground.

▶ In a public or private school or church, or other religious building.

If the Polling Place room is located in a school or in a church or other religious building and the distance of 100 feet ends within the building,

→ Place the chalk mark outside of the building at each entrance used by the voters.

→ This special rule only applies to public or private schools, churches or other religious buildings.

Election Judge ID Badges

Fill out and wear the Judge Identification Badges

- Election Judge ID
  
  Each Judge is assigned to serve as either a Democratic or Republican Election Judge.
  
  - The identification badges are located in the plastic supply box in Kit 1.
  
  1. Print each Judge’s name, township and precinct information on the badge of the party they represent.
  
  2. Wear the badge the entire day.

- Bilingual Election Judge Badges
  
  Certain precincts are assigned Bilingual Election Judge(s), based on the number of Bilingual Voters in that precinct.
  
  - The identification badges are located in the plastic supply box in Kit 1.
  
  1. Print the Bilingual Judge’s name, township and precinct information on the special oversized identification badge.
  
  2. Wear the badge the entire day.

Station 1

⚠ Polls must be open at 6 a.m. and ready for the first voter.

.DateTime

At 6 a.m. an Election Judge will stand at the entrance to the Polling Place and declare:

*The polls are open!*

The majority of voters arrive to vote in the early morning or late afternoon. Follow these steps to keep lines to a minimum:

- Two Judges, one from each party, must always be present at Station 1.
- The bilingual Judge, if possible, should be one of these two Judges.
Signature Verification Considerations

BROAD, INITIAL CONSIDERATIONS

1. The visual impression that a signature makes is a good starting point, but not final.
2. Consistency, not identity, is what matters; the overall form of the letters should be consistent.
3. Proportion, not size; matters. RELATIVE height and length are what matters.
4. Signatures tend not to be complete; middle initials, combined letters, drift-off at end, etc. The shape of the incomplete part should be consistent with the rest of the signature.
5. "Idiographic" signatures are OK if they match.

PARTICULAR, CLOSE CONSIDERATIONS

1. First letters tend to be the most consistent.
2. How letters are connected— or not— matters.
3. Slant matters; especially left slant, which is uncommon.
4. Similar flourishes are indicative of the same hand.
5. Crossing "T" and dotting "I" is a common characteristic of consistency.

<tbody>
<tr>
<td></td>
<td></td>
<td><strong>State law was changed on July 1, 2015 so that a photo ID is no longer required. However, if the voter has their Driver’s License or State ID out, they may scan it. This will enable you to check in voters quicker and more efficiently and will reduce lines.</strong></td>
</tr>
</tbody>
</table>

The Regular Voter

1. Give the voter the option to use their Driver’s License or State ID to speed up the check-in process.
   → If the voter chooses to use their ID,
     A. Tap the black “Scan Barcode” button on the bottom left of the screen.
     » The ID Reader will activate.
     B. Have the voter place their Driver’s License or State ID on the ID Reader stand, with the ID facing them.
     » This will automatically search for the voter
     C. Move to step 3 when the address verification screen with the voters information appears.
   → If the voter DOES NOT choose to use their ID,
     A. Tap the black “Manual Entry” button on the bottom right of the screen.
     » Last and First name boxes will appear.
     B. Type in at least the first 2 - 3 letters of the voter’s last name and of their first name.

   **Hint:** If you have trouble finding a voter whose name has an apostrophe, substitute a space instead. Also, don’t add a space in names like DeMille, LaBrose and McCormack or remove the space if you have entered the name with one and don’t find the voter. Don’t give up. For Advanced Search options, see page 75.

2. A. Tap the black “Search” button at the top right.
   → The voter’s name and address will appear on screen.
   → If there are other names that fit the search, a list of voter names will appear on screen.
   B. Tap on the voter’s name.
### Checklist 9: Processing Regular Voters (continued)

#### 3

A screen with the message “Please verify the voter’s name and address is correct” will appear, with the voter’s date of birth, name and address.

A. Flip the screen toward the voter  
B. Ask them to verify their name and address.  
C. Flip the screen back toward you.  
D. Tap the “Name & Address is Correct” button on the right if the voter’s information is correct.

→ *If the voter’s name is incorrect, turn to Checklist 15: “Name Change” on page 91.*  
→ *If the voter’s address is not correct or has changed, turn to Checklist 21: “Change of Address” on page 111.*

#### 4

The “Ballot Language” screen will appear.

A. Ask the voter in what language they would prefer their ballot.  
B. Tap the language the voter would like.  
   → Paper ballots in different languages are limited by precinct.  
   → Touchscreens will have all 12 languages offered by the Cook County Clerk’s Office.

C. Tap the blue “Accept” button on the top right.  
→ The “Signature Confirmation” screen will appear.

#### 5

Skip this step in a General Election.  
The “Party Selection” screen will appear in a Primary Election, but not in a General Election.

A. Tap on the voter’s party if it’s a Primary Election.  
B. Tap the blue “Accept” button on the top right.
Checklist 9: Processing Regular Voters (continued)

6

A. Flip the screen toward the voter.
B. Instruct them to sign the screen after reading the certification language.
   → Tell the voter to tap the black “Listen to Oath” button, if they want the ePollbook to read the certification aloud.
C. Flip the screen toward you after they sign.
D. Tap the blue “Done Signing” button.

7

The “Poll Worker Confirmation” screen will appear, with the voter’s signature in the “Signature on File” box and today’s signature in the “Signature on Election Day” box.

A. Compare the signatures
   → If they match, write your initials in the “Initial” box at the bottom right.
B. Tap the blue “Submit” button at the top right.

For issues with the voter’s signature, see pages 99-104.

8

A screen with the message “Choose the type of ballot you are providing the voter” will appear.
   → Give the voter the option to vote by Touchscreen or Paper Ballot.

      **B.** Tap the “Touchscreen” button. | ![Card Activator](image.png) |
| 10   | The instruction “Tap the Activate Card button” will appear.  
      **A.** Tap the “Activate Card” button.  
      → The card will activate.  
      → A Check-in Receipt and Ballot Style Receipt will print. |
|      | **B.** Place the longer receipt inside the white Regular Voter Check-in Receipt Envelope.  
      **C.** Give the Ballot Style Receipt to the voter, in case they change their mind while they wait and decide to vote on paper |
| 11   | **A.** Remove the card from the Card Activator.  
      **B.** Hand the activated card and a Voter Privacy Shield to the voter.  
      **C.** Explain to insert the activated card into the yellow slot on the Touchscreen, with the arrow facing up, as illustrated on the Touchscreen.  
      **D.** Direct the voter to a Touchscreen after explaining the ballot casting instructions. |
Touchscreen Ballot Casting Instructions for the Voter

⇒ The Touchscreen is only a ballot marking device, and does not cast ballots.
⇒ With the exception of Provisional Ballots, all Ballots must be cast on the Scanner.

A. Tell the voter that the Touchscreen has printed their ballot when the “Thank you for voting...” screen to the left appears.

⇒ Their ballot hasn’t been cast yet.

B. Tell the voter to follow these steps to cast their ballot:

1. Remove their Voter Card from the slot.
2. Find their ballot on the Ballot Printer.
3. Remove their ballot from the Ballot Printer.
4. Take the following to the Scanner:
   - Their ballot
   - The Activation Card
   - The Voter Privacy Shield

5. Keep the votes on their ballot covered by the Voter Privacy Shield. The judge at the Scanner will initial it.

⇒ The Scanner will not accept ballots without judge initials.

6. Insert their printed ballot into the Scanner.

⇒ Still covered by the Voter Privacy Shield.

The Judge at the Scanner will give the voter an “I Voted” sticker after they cast their ballot.
If the voter chooses to mark a Paper Ballot

Station 1

1. Tap the “Paper” button.
   → An instruction to tap submit will appear.
2. Tap the blue “Submit” button.
   → Two Check-in receipts will print.
3. Place the longer receipt inside the Check-in Receipt envelope.
4. Hand the shorter receipt to the voter.

Station 2

10. Issue the voter a ballot with the Ballot Style Number, listed on the receipt.

   The party will be listed on the receipt in a Primary Election.

11. Initial the ballot in the “Judge Initials” box, to the right of the “Precinct” box.
12. Hand the voter the ballot, along with a Voter Privacy Shield and a Ballot Pen.
13. Direct the voter to a Voting Booth to mark their ballot.

Tell the voter to follow these steps to cast their ballot:

14. Take all of the items they received at Station 2 to the Scanner.
15. Insert their ballot into the Scanner.
   → While keeping their ballot covered by the Voter Privacy Shield.
16. Give the Voter Privacy Shield and the Ballot Pen to the judge.

The Judge at the Scanner will give the voter an “I Voted” sticker after they successfully cast their ballot.
**Checklist 9: Processing Regular Voters (continued)**

**Advanced Search Options**

If you cannot find the voter using their last and first name, don’t give up! There are other options.
- First, verify with the voter that you’ve spelled their name correctly.
- Try names like Mc Donald, De la cruz, and Van de Kamp and O Connor, with and without the spaces.

**Try** an Advanced Search to find the voter.

1. Tap the “Advanced Search” button, to the right of the black “Search” button.

   The “Advanced Search” button will turn black and a list of selections will appear beneath the “Last Name” and “First Name” boxes.

   - **DOB (Date of Birth)**
     - Works well if there are several name matches.
   - **Address**
     - Works best if the last and first names alone aren’t working.
   - **License No.**
     - Used if the Driver’s License or State ID didn’t scan.
   - **Voter ID**
     - Located on the voter’s Voter ID card.
   - **Scan Barcode**
     - Use this option if the voter decides to use their Driver’s License or State ID.

2. Tap on the search option you want to try.

3. A. Enter the information for the search option you select.
   - The searches will be added to the “Last Name” and “First Name” searches.

   B. Tap the black “Search” button after each entry.
   - The options will turn orange as you try them.
**Checklist 9: Processing Regular Voters (continued)**

**Voter Required to show ID**

In some cases, when a voter registers online or through the mail and still needs to show ID, the message “ID Required” will appear to the right of the voter’s information during a manual search and across the top of the first screen when a voter scans their ID to check in.

Follow the steps below if the message “ID Required” appears when checking a voter in.

Special Circumstance Voters

Three Types of Special Circumstance Voters

1. Non-Provisional
2. Provisional
3. Election Day Registration

The type of Special Circumstance determines how to check a voter in.

Non-Provisional Voters

Non-Provisional Voters have issues that Election Judges can resolve on Election Day.

→ They must sign a Non-Provisional Affidavit.
→ They are allowed to vote a regular ballot on the Touchscreen or using a Paper Ballot.

Provisional Voters

Provisional Voters have registration issues that can’t be resolved by Election Judges on Election Day.

→ Their votes may or may not be counted and MUST be marked on the Touchscreen.
→ Judges MUST activate a Provisional Voter card on the ePollbook.
→ They must sign a Provisional Voter Affidavit.
→ They must be given a Provisional Voter Receipt that gives instructions on what they should do next.
→ Provisional ballots DO NOT get cast on Election Day.
  » Instead, they are sealed by the voter in a Provisional Ballot Envelope, with a Provisional ID Number attached
  » The voter will hand the sealed envelope to the Judge at Station 2, who will place it in Provisional Envelope 606.

Provisional Votes After Election Day

→ Provisional Votes are examined to determine if they should be counted or not.
→ The Cook County Clerk’s Office will identify the ballots using the Provisional ID number.
→ The Provisional ballots will then be accepted or rejected.

Election Day Registration Voters (EDR)

There are Two types of EDR Voters.

1. New Voters who are registering for the first time.
2. Voters who moved but did not re-register with their new address.

→ EDR voters MUST show two pieces of ID to fully register and vote.
  » If they don’t have ID, they will vote a Provisional ballot.
→ They must sign an EDR Voter Affidavit
→ After completing the registration process and checking in, they will be given a Voter Registration Receipt as proof of their registration.
→ They are allowed to vote a regular ballot on the Touchscreen or using a Paper Ballot.

If the voter was challenged and/or there are issues with the voter’s signature, turn to the following associated checklists.

- → Checklist 17: Voter’s Signature On File Is Wrong or Missing, pages 95 for instructions on handling voters whose signatures wrong or missing.
- → Checklist 18: Voter’s Signature IS Challenged, pages 97, for instructions on handling voters whose signatures have been challenged.
- → Checklist 19: Voting Status Challenged, pages 103 for instructions on handling challenged voters.
- → These 3 issues should be processed before selecting Assistance Required.

| 3 | The “Assistance Required” affidavit window will open with a drop down menu for Language or Disability. A. Enter the name of the person assisting in the “Assister Name” box. B. Enter “N/A” in the “2nd Assister Name” box. → Enter the name of the second Judge in the “2nd Assister Name” box, if Judges are providing the assistance. » In this case, there **MUST** be two Judges *(each from a different party)*. C. Select the reason the voter is requesting assistance from the “Choose Reason” dropdown menu. |
Checklist 10: Voter Requesting Assistance (Disability/Language) (continued)

4

The voter and the assister(s) must sign Affidavits.
▶ Voter: “I am requesting assistance because I have a disability and/or I have difficulty reading the ballot.”
▶ Assister: “I/we am/are qualified to assist the voter on the attached affidavit. I/we did not attempt to influence the voter’s choice.”

A. Flip the screen toward the voter and assister(s).
B. Instruct them both to sign the screen after reading the affidavits.
   → The voter must sign the first line.
   → The assister(s) must sign the second line.
   » Both Judges sign next to each other, on the same line, if they are the assisters.
C. Flip the screen toward you after they sign.
D. Tap the blue “Continue” button at the top right.

Tell the voter and assister to tap the black “Listen to Oath” button if they want the ePollbook to read the affidavits aloud.

5

The “Poll Worker Confirmation” screen will appear, with a check mark in the “Assistance Required” box.

A. Write your initials in the “Initial” box at the bottom right.
B. Tap the blue “Submit” box on the top right of the screen.
**Checklist 10: Voter Requesting Assistance (Disability/Language) (continued)**

| 6 | A screen with the message “Choose the type of ballot you are providing the voter” screen will appear.  
→ Give the voter the option to vote by Touchscreen or Paper Ballot and finish the Check-in accordingly. |

- Two Non-Provisional Receipts will print when the “Activate Card” or “Submit” button is tapped after the ballot marking choice selection at the end of the Check-in.  
→ These receipts are different than the receipts printed for a Regular Voter.  
  1. The first receipt is longer, with the voter’s check-in signature and the Judge’s initials.  
     → Place this receipt in the Non-Provisional Voter Check-in Receipts Envelope.  
     » This white envelope has a **blue** seal on its face.  
  2. The second receipt is shorter, with the Ballot Style Number.

## Checklist 11: Voter Requested a Mail Ballot, and IS Returning It

Mail Ballots can only be surrendered if brought into a precinct on Election Day. There will be no Mail Ballot Drop Boxes at any of the precincts, throughout Suburban Cook County.

- However, you can accept a voted Mail Ballot if the voter is surrendering it to vote in person.
- The voter will need to vote a new ballot if they are surrendering their Mail Ballot.

Follow the steps on this checklist to process a Mail Ballot voter on the ePollbook who is surrendering their Mail Ballot.

   D. Place the envelope in Provisional Envelope 606.

⚠️ Provisional Ballots DO NOT go into the Ballot Box and will be rejected by the Scanner if inserted.
Election Day: 6 a.m. to 7 p.m.
Checklist 20: Court-Ordered Extended Hours

If the precinct has been ordered to remain open for extended voting hours, you will receive a call from the Call Center during the day.

→ All voters will have to vote Provisionally during Court-ordered Extended Hours.
→ Remember, any voter in line by 7:00 p.m. (whether inside or out) will still be allowed to vote a Regular Ballot.
→ Once you have processed all the voters that arrived by 7:00 p.m., all check-ins will be processed as Provisional.

Follow the steps on this checklist to process a voter if there was an extended hours court order.

Who May Register to Vote

To register to vote, a person must:

▶ Be a U.S. citizen.
▶ Be at least 18 years old by the next election.
  → 17 year old citizens who turn 18 on or before the next General Election may be registered and vote.
▶ Reside in Suburban Cook County.
▶ Display two pieces of identification.
  → Neither needs to be a photo ID but one must include their current address.

Important Information

⚠ Persons convicted of crimes and currently serving their sentences in a penal institution cannot vote. People awaiting trial in a penal institution or persons on parole or probation are eligible to vote.

⚠ If a person tells you that their gender is different from the one on their ID, enter their gender as specified by the voter on the EDR Registration form in the ePollbook.

⚠ Electronic retrieval of bills or other documents are acceptable as long as they contain the information needed to complete the ID box.

⚠ If the voter has insufficient ID, they can vote Provisionally on Election Day.

⚠ Voters may not use the same type of item from both lists.
  ▶ For example you may not accept 2 pieces of mail.

⚠ An Election Day Registration (EDR) voter must vote at the same time that they register.
Checklist 21: Change of Address

Make sure the voter has moved in or into the precinct they are voting in on Election Day.
→ If the voter’s new address is in a different precinct, they will need to go there to change their address and vote.

Follow the steps on this checklist to process a voter who’s address has changed.

Station 2

Issuing a Paper Ballots

A Judge and a PPT, one from each party, serve at Station 2. They are responsible for issuing voters paper ballots and collecting Provisional Ballot Envelopes from voters.

→ Each voter will get 1 Paper Ballot Card for the Consolidated General Elections. The public counter will go up by 1 for each voter this election.

  » Look at the Ballot Style Receipt and issue the voter a ballot card based on their Ballot Style.
  › Ballot Style Receipts are issued to the voter at Station 1.
  › If you are in a Split Precinct, make sure it is the correct Ballot Style on the ballot.

→ Ballots will be in shrink-wrapped packages of 50 for English/Spanish and 25 for all other languages.

  » Open only one package of each Ballot Style at a time.

→ Sealed Provisional Ballot Envelopes will be placed in the Provisional Envelope 606.

→ The PPT must monitor the voters using the Touchscreens in their precinct and handle troubleshooting when needed.

Station 3

Touchscreens

Monitoring the Touchscreens
The Judge at Station 3 must:
→ Assist voters, if they need help.
→ Make sure voters successfully cast their ballot before leaving the Polling Place.
→ Collect the Voter Card and Voter Privacy Shield from every Touchscreen voter.

The Scanner

Inserting paper ballot cards
The Judge at Station 3 should stand near the Scanner to assist any voter who requests help. They should give the voter enough space to allow the individual to insert their ballot(s) privately.

1. Ask the voter to insert their ballot(s), into the Scanner slot. The Voter Privacy Shield does not get inserted.
   → The Scanner will accept ballots much like a vending machine accepts a dollar bill.
   → If ballots have been marked and initialed properly, the Scanner will accept, read and store them.

2. Retrieve the Voter Privacy Shield and pen from the voter.

Voters are given the option to cast or return their Paper Ballot if the Scanner detects:
→ An overvote
→ A blank ballot
→ An undervote (in certain elections and races)

Paper Ballots are rejected if the Scanner detects:
→ Provisional Ballots
→ No Judge initials
→ Defective Ballots
   » Judge's initials exceed the allotted space
   » The ballot is wrinkled or ripped

See Scanner Troubleshooting, page 181 for instructions on handling rejected ballots.

Scanner Messages

During Scanner operation, there are several messages that appear on the LCD screen. It is important for PPTs and Election Judges to pay attention to these messages. The chart below contains messages that you may see on the Scanner and the action to take when each appears.

The “I Voted” stickers

Station 3 Judges must make sure that all voters receive the “I Voted” sticker after they cast their ballot and before they leave the Polling Place.

In elections with more than one ballot card, it is not necessary to spoil both ballot cards if the voter wants to make changes on only one of the cards.
Voter Assistance

Voting aids
Hand-held magnifiers for voters who are visually impaired are available at each precinct.

Voter assistance
The Clerk’s office provides several programs and materials aimed at making it easier and more convenient for disabled and non-English speaking voters to cast ballots independently.

→ Voters may bring a friend or relative to the Polling Place to assist with voting or request assistance from the Election Judges.

→ If Election Judges are requested it must be 2 of them, 1 from each party.

→ Anyone assisting a voter, including Election Judges, must sign a Special Circumstance Affidavit.

Assistance may be provided to:
→ Voters unable to physically mark a ballot
→ Voters unable to read, speak or write English
→ Voters with limited reading and writing skills

⚠️ Voter assistance is given in private. Information regarding a voter’s selections must not be shared with anyone.

Curbside Voting
A voter who is disabled and has difficulty or is unable to enter the Polling Place may request to vote outside of the Polling Place.

The Clerk’s office will attempt to provide Election Judges at the precinct with a list of curbside voters and their expected arrival time to the Polling Place.

→ This list will be inside the 6 AM Envelope.

⚠️ Because of the 5 p.m. deadline the day before Election Day, a complete list may not be available the morning of Election Day.

Administering Curbside Voting
The voter should come as close to the building’s entrance as possible. The voting procedures and conduct for Curbside Voting are the same as for voting within the Polling Place. Poll Watchers may be present.

Maintain voter privacy:

1. Process the voter as you would a regular check-in, but stop at the Voter Signature screen.
   → The voter will need to sign the iPad.

2. Take a paper ballot, Voter Privacy Shield, marking pen, and iPad from the ePollbook out to the location specified in the request.
   → Must be 2 Judges - one from each party
   → Curbside Voters are issued paper ballots.

3. Verify the voter’s signature before handing the voter the Paper Ballot.

4. Bring the ballot in and run it through the Scanner after the voter has completed voting.
   → Make sure to keep the ballot covered with the Voter Privacy Shield from the minute the voter hands it back to, until it is inserted into the Scanner.

Phone Numbers:

If you have any questions regarding assisting disabled voters, call a disability coordinator at the Clerk’s office: (312) 603-0944.

Hearing impaired voters can call the Clerk’s TDD Information Line: (312) 603-0902.

If Judges need to verify the request for Curbside Voting, call the Legal Help Line: (312) 603-0236.
**ATI Handset**

Audio Voting

The Touchscreen is equipped with an Audio Ballot, a headset and an ATI (Audio Tactile Interface) handset to allow voters who are blind or visually impaired, have limited manual dexterity, or have limited reading skills to hear the ballot and make their selections through the Touchscreen’s AVS (Accessible Voting Session).

**Next Contests**

After hearing/ selecting all available choices in a contest, the voter can navigate to the next contest using the navigation buttons and choose to select the next contest.

→ The voter will repeat the procedure to vote for each available contest.
### Ballot Review

1. When the last contest is reached, after selecting all the available choices, the voter is moved to the “Ballot review” screen.
   - The Ballot Review Screen can be navigated to at any time by:
     - Using the navigation button on the bottom of the screen (*Audio Visual Voting*).
     - Navigating through screen action buttons as instructed by the voice instructions for the selected Accessible Voting device.

2. On the Ballot Review Screen, the voter will:
   - Hear the first summary of their ballot selections.
   - Get instruction on how to hear and review all contests.
   - Learn how to cast their ballot.
   - When the voter reaches the last contest.

### Marking the Ballot

1. When the voter makes the selection to print their ballot, the voter will get the 2 options.
   - A. Accept and print the ballot.
   - B. Review/make changes to their choices by returning to the Review screen.

2. When the voter chooses to accept and print their ballot, they will get one of the following.
   - The screen will give confirmation and the voter will hear through the headphones that their ballot has been marked.
   - The screen will give a warning or message and the voter will hear through the headphones that something went wrong in marking the ballot.

3. The voter will be instructed to select the “Continue” button.
   - The Accessible Voting session is complete.
   - The “Ready for next Voter” screen will appear on the Touchscreen.

### Casting the Ballot

**Regular, Non-Provisional & EDR Voters**
The voter will be directed or escorted to the Scanner, where they will insert their ballot cards to cast.
- Make sure their ballot is covered by a Voter Privacy Shield as they insert it into the Scanner.

**Provisional Voters**
The voter will be instructed to place their ballot in their Provisional Ballot Envelope and directed or escorted to Station 2 to hand their ballot to a Judge to be placed in the Provisional Envelope 606.
- Make sure the Provisional Ballot Envelope contains their ballot cards and is sealed.

Closing the Polls

At 6:30 p.m. (30 minutes before the Polling Place closes) an Election Judge will stand at the entrance to the Polling Place and declare:

**The polls will close in 30 minutes!**

At 7 p.m. an Election Judge will stand at the entrance to the Polling Place and declare:

**THE POLLS ARE CLOSED!**

The Polling Place entrance must be secured at this time:

» Secure the door to prevent anyone from entering the Polling Place.

» Keep the Polling Place sign and flag posted until Judges are ready to leave.

Any voter who is in line to vote at 7 p.m. may remain inside (or in line outside) the Polling Place and has the right to vote. These voters must leave the Polling Place after they have completed voting.

In addition to the Election Judges, individuals with the proper credentials may remain inside the Polling Place to observe the tabulation and transmission of results.

→ They may include:
  » Cook County Clerk's Office Officials
  » Poll Watchers,
  » Certain Law Enforcement Officials.

For more information about People Allowed in the Polling Place, see pages 4-6.

After the doors are closed, no other voters or Poll Watchers can enter the Polling Place, even if they have credentials.

Election Judges should complete assigned tasks working as a team to successfully close the polls.
Remember that each voter will cast 1 ballot card into the Scanner.

- Ballot Cards with contests, based on Ballot Style.
- Use the “Total Votes” listed on the Results Tape when completing the Statement of Ballots on the ePoll-book.

Checklist 28: Statement of Ballots ePollbook (continued)

Totals Do Not Match

Count Mismatch

If the totals in DO NOT match, the “Count Mismatch” window will appear.

12

A. Explain in the reason for the discrepancy in the box.
B. Tap the blue “Submit With Mismatch” button after entering a valid reason.
   → It will be gray until a reason is entered.

If Check-ins & Total Voters Do Not Match

Now that you’ve figured out how many voters were checked in, make sure you have the correct number of votes cast (Provisional and Scanner totals).

→ If not, you need to give a very good explanation of why.

→ A Touchscreen voter fled without pressing Print Ballot, and you had to cancel out the ballot.
   » If you know which voter fled, call the Call Center to cancel the voter’s check-in.
   » If you don’t know, use this as your explanation.

→ A voter fled with their ballot, or spoiled their ballot and left without voting.
   » If you know which voter, call the Call Center to cancel the voter’s check-in.
   » If not, use this as your explanation.

→ The Scanner is not working at the end of the night.
   » If there are uncounted paper ballots, type “Uncounted Paper Ballots” in the text box.
   » If all ballots were counted, but you couldn’t retrieve the total because the Scanner was off, call the Call Center to report you were unable to retrieve your Total Votes because the Scanner wasn’t working.

→ Other
   » If none of the above apply, enter your explanation.

More voters than votes

It is very important that the number of voters matches the number of votes, so don’t just use “Other” as a catch-all. If your totals don’t match, you need to find out why and tell us why.

Precinct Complete

The “Precinct Complete” window will appear.

13

A. Tap the “OK” button.
B. Press the Home button again.
C. Tap the “P” button again.
If you have more votes than voters and you don’t know why, there is a serious problem.

- You may lose pay or not be asked back as a Judge.
- You must attempt to give a solid explanation of why.

## ePollbook Troubleshooting

### Printer Issues

During ePollbook operation, there are several situations that may require simple repair functions. In other cases, the PPT or ePollbook Judge will have to call the Call Center. The table below notes some common situations and the corrective action required.

<table>
<thead>
<tr>
<th>Problem</th>
<th>Tasks to Complete:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>A red light appeared on the top left on the face of the printer.</strong></td>
<td>The printer tape is running low and will need to be changed. → You can continue printing until you start to see a pink streak on the tape. » Turn to Checklist 34: Changing the ePollbook Printer Tape, on page 171.</td>
</tr>
<tr>
<td><strong>Paper is not advancing from the printer.</strong></td>
<td>1. Press the paper advance button on the face of the printer. → The tape should advance forward. 2. Re-seat the paper tape. a. Open the printer door. b. Remove &amp; reinsert the tape. c. Close the door. d. Tap the green printer icon on the upper right of the ePollbook screen. e. Tap the “Print Test Receipt” button. » A “Printer Test” receipt should print out. 3. Call the Call Center if these steps do not work.</td>
</tr>
<tr>
<td><strong>The printer isn’t printing</strong></td>
<td>1. Check the printer icon at the right on the ePollbook. → It will more than likely be red with an exclamation point. 2. Check to see if there are lights on the face of the printer. 3. Press the power button on the top right corner of the printer. 4. Check that the 2 sections of the power cord are firmly connected. 5. Make sure the printer power cord is connected to an outlet. 6. Check the Bluetooth connection. 7. Call the Call Center if these steps do not work.</td>
</tr>
</tbody>
</table>
| ID Reader Issues | 1. Make sure the ID Reader stand is connected to the ePollbook stand correctly.  
2. Make sure the ID is placed on the ID Reader stand, with the barcode in clear view of the ID Reader camera.  
3. Adjust the stand or move the ID around in front of the camera on the ePollbook iPad to reduce glare on the ID.  
4. Clean the camera lens on the iPad.  
5. Call the Call Center if these steps did not work.  
   → Use manual entry during a busy Election Day morning and call a little later in the day, when voter volume is slower. |
| Power Issues | 1. Make sure...  
   a. The ePollbook Printer is powered on.  
   b. The greenish yellow cord from the ePollbook Printer is securely attached to the Card Activator.  
   c. The connection between the iPad and the Card Activator is secure.  
   d. The silver Card Activator brace is securely in place, not leaning or loose.  
2. Re-seat the Card Activator and silver brace..  
   a. Unplug the power cord from the Card Activator.  
   b. Unscrew the red screw on the silver brace.  
      → Just enough to loosen it. DO NOT completely unscrew it.  
   c. Unplug both the Card Activator and silver brace.  
      → Wait 5 seconds after unplugging.  
   d. Plug them both back in without the power.  
   e. Tighten the red screw on the back of the brace.  
   f. Plug the power cord back into the Card Activator.  
   g. Press and hold the power button on the top left corner of the iPad.  
      → A white Apple logo will appear  
3. Call the Call Center if these steps do not work. |
Card Activator Issues

1. Check the Card Activator icon at the top right on the ePollbook.
   → It will more than likely be red with an exclamation point.

2. Make sure that the silver brace is far enough into the slot on the right side of the ePollbook, its not learning or loose and that the red screw is tight.

3. Make sure the Activation Card is inserted properly in the Card activator slot.
   → The face of the side with the Voter Arrow should be facing the voter and the white side should be facing you.

4. Make sure the blue light on the Card Activator comes on when the Activation Card is inserted.

5. Re-seat the Card Activator and silver brace.
   a. Unplug the power cord from the Card Activator.
   b. Loosen the red screw on the silver brace.
      → Just enough to loosen it. DO NOT completely unscrew it.
   c. Unplug both the Card Activator and silver brace.
      → Wait 5 seconds after unplugging.
   d. Plug them both back in without the power.
   e. Tighten the red screw.
   f. Plug the power cord back in if the Card Activator icon at the top right turns green again

6. Reboot the ePollbook if steps 1-5 do not work.

7. Call the Call Center if these steps did not work.
Rebooting the iPad

1. Press and hold the Home and power buttons at the same time.
   a. Keep holding them through the “slide to power of ” prompt.
      → DO NOT slide to power off for this step.
   b. Let both buttons go when the screen goes black and you see the Apple logo.
      → The Apple logo will show up a few seconds after the “slide to power of ” prompt goes away.
      → The reboot will take a few seconds.
      → The screen will show a colorful background, with the time at the top after the reboot.

3. Press the Home button again.
4. Tap the “P” at the bottom of the screen.
   → The screen will go back to the Get Started Screen.
5. Tap the black “Get Started” button.

⚠️ *It is not necessary to spoil a blank paper ballot if the voter wants to make changes.*
### Undervote Detected

A message that the ballot has undervotes will appear on the LCD.

1. Explain to the voter that the screen shows where they undervoted.
2. Ask the voter if they want to mark a new ballot or override and leave the ballot as is.
   - If the voter wants to leave the ballot as is:
     A. Explain that all contests marked correctly will be counted, but the undervoted contests will not.
     B. Instruct them to press the “Cast” button on the Scanner.
   - If the voter wants to mark the missing votes on their ballot:
     A. Have them press the “Return” button and gently remove their own ballot.
     B. Give the voter a chance to mark the undervotes on their ballot.
   - If the voter wants to mark a new ballot:
     A. Have them press the “Return” button and gently remove their own ballot.
     B. Give the voter a chance to mark a new ballot.
     → Follow instructions for “Voter wants to mark a new ballot” on page 183.
     C. Spoil their undervoted ballot and put it in Spoiled Ballot Envelope 303.

### Overvote Detected

A message that the ballot has overvotes will appear on the LCD.

1. Explain to the voter that the screen shows where they over voted.
2. Ask the voter if they want to mark a new ballot or override and leave the ballot as is.
   - If the voter wants to leave the ballot as is:
     A. Explain that all contests marked correctly will be counted, but the overvoted contests will not.
     B. Instruct them to press the “Cast” button on the Scanner.
   - If the voter wants to mark a new ballot:
     A. Have them press the “Return” button and gently remove their own ballot.
     B. Give the voter a chance to mark a new ballot.
     → Follow instructions for “Voter wants to mark a new ballot” on page 183.
     C. Spoil their overvoted ballot and put it in Spoiled Ballot Envelope 303.
Ballot Issues (continued)

- If the voter chooses to use the Touchscreen to mark their new ballot:
  1. Send them to the Station 1 to have a judge reactivate their Voter Card.
  2. Bring up the voter's record.
  3. Tap the gear icon on the left of the voter's name.
  4. Tap the “Reactivate Voter Card” button.
     → A “Creating Card message will appear.
  5. Tap the “OK” button when the “Success” window pops up.
  6. Send them to the Touchscreen to mark a new ballot.

- If the voter chooses to use a Paper Ballot to mark their new ballot:
  1. Send them to the Station 2 to get a new Paper Ballot.
  2. Send them to a voting booth to mark it.

Defective Or Misread Ballots Detected

There is damage to the marks on the edges of the ballot that the Scanner uses to process the ballot. A message that the ballot was Misread or Defective will appear on the LCD screen and the ballot will eject.

⇒ If the ballot is defective, give the voter a new ballot.
  1. Follow instructions above for “Voter wants to mark a new ballot”.
  2. Spoil their Defective ballot and put it in Spoiled Ballot Envelope 303.

⇒ If the ballot was misread, give the voter a chance to mark a new ballot.
  1. Explain that the ballot has not been counted and needs to be re-inserted.
  2. Have the voter re-insert the ballot in different orientations.
     → If after a few tries, the ballot keeps returning...
      A. Have them press the “Return” button and gently remove their own ballot.
      B. Give the voter a new ballot.
         → Follow instructions for “Voter wants to mark a new ballot” on page 183.
      C. Spoil the ballot and put it in Spoiled Ballot Envelope 303.
The Scanner is not accepting ballots

Make sure that the Scanner is powered on.
⇒ If power is not the issue, have voters use the Alternate Ballot Box until your Scanner is fixed or replaced.
1. Unlock and open the Alternate Ballot Box door.
2. Open the slot from the inside.
3. Close and lock the Alternate Ballot Box door.
4. Instruct voters to use the Alternate Ballot Box to cast their ballots after a judge initials them.
5. Call the Call Center.

ℹ️ If the Scanner is replaced, see “Scanner Replacement” on page 191.

⚠️ At 7PM, if the Scanner is fixed,
1. Remove the ballots from the Alternate Ballot Box.
2. Scan them in the Scanner.

Clearing Ballot Jams

Jam in the Front Slot

The Scanner will give a message “Clear Paper Jam” with a red arrow pointing toward the ballot.
1. Explain that the ballot has not been counted and needs to be re-inserted.
2. Instruct the voter to gently remove their ballot.
⇒ If the edges and corners are not visibly damaged, have them re-insert the ballot.
⇒ If there is visible damage to the ballot...
   A. Give the voter a new ballot.
      → Follow instructions for “Voter wants to mark a new ballot” on page 183.
   B. Spoil the ballot and put it in Spoiled Ballot Envelope 303.

Jam in the **Main Exit** slot or the **Diverter Exit** slot

**Ballot WAS cast (part 1)**

The Scanner will give a message saying “Assistance Required”.
1. Press the Security Key to the Security Key receptacle.
2. Enter the PIN.
   → The screen will say “Paper Jam” “RESULTS HAVE BEEN SAVED” “Try to manually remove the ballot from the MAIN EXIT slot” or “Try to manually remove the ballot from the DIVERTER EXIT slot”

| No paper loaded            | When the Printer runs out of paper, the message “Make sure paper is loaded and everything is OK” will appear.  
1. Follow the instructions in Changing Scanner Printer Tape, page 169, to correctly install or re-install the Printer paper.  
   → If you see a pink stripe on the tape, the tape is nearing the end.  
2. Press “OK.”  
   → The message “Printer is recovering! Please Wait” will appear.  
3. Wait for the Printer to recover and press “OK.”  
   → If it stops while printing, press “Resume” to continue printing the report. |
| Report is not printing     | → Make sure that there is paper loaded into the thermal Printer.  
   → Make sure that the paper was not installed backward.  
     » If so, remove the paper roll.  
   → In either case above, follow the instructions in Changing Scanner Printer Tape, page 169, to correctly install or re-install the Printer paper. |
| Thermal Printer Error      | This message comes up whenever there is an error printing.  
   → Could also be Jam or loose roller scenarios.  
   → Follow the instructions in Changing Scanner Printer Tape, page 169. |
### Memory Card Issues

When setting up the Scanner before Election Day or before the polls open on Election Day, if you see the message “Verification Failed. Audit log file verification failed”, followed by “Startup Error”, call the Call Center.

- The Memory Cards have been corrupted and your Scanner is no longer usable.
- Use the Alternate Ballot Box until a Field Tech Judge comes with the new Scanner
  1. Record the Ballot Counter number for use at the end of the day.
  2. Unlock and open the Alternate Ballot Box door.
  3. Open the slot from the inside.
  4. Close and lock the Alternate Ballot Box door.
  5. Instruct voters to use the Alternate Ballot Box to cast their ballots after a judge initials them.

  ⇒ If the Field Tech Judge determines that the Scanner is not usable,
     → They will power it down and remove it from your Polling Place.

  ⇒ When the Field Tech Judge brings the new Scanner,
     1. Set up the new Scanner following the setup procedures, starting on page 51.
     2. Begin using the new Scanner.
        → The Ballot Counter will start at zero.
        → The new Scanner is programmed with the same number as the old Scanner.
         » You will not need to enter a new Scanner in the Statement of Ballots.
         » Your “Start” number will be “0”.

  ⇒ Before closing polls on the Scanner at the end of the day...
     1. Remove the ballots from the Alternate Ballot Box.
     2. Scan them into the new Scanner before completing the Statement of Ballots.
Transmission Issues

1. Make sure the antenna is connected to the modem and is placed on top of the VSC.
   a. Check all the connections.
      → There is a USB extension cable that connects the modem to the Scanner.
   b. Make sure both ends are secured.
      → Modem’s USB cable plugs into the top USB port on the Scanner.
2. Press the “Retry” button.
   → The Scanner will make another attempt at transmission
3. Move the antenna to a different location, still connected to the VSC and press the “Retry” button again.
4. Press the “Cancel” button if the Transmission fails a 3rd time.
   ▶ If your transmission fails in the morning during setup, the screen will go to the “Ready” screen.
      → Call the Call Center after 9:00AM.
   ▶ If your transmission fails during closing, continue on with to step 5 below.
5. Cut the Results Transmission tape.
6. Make note that the transmission failed 3 times on the tape.
7. Place it in Plastic bag 601.
8. Call the Call Center to notify them that the transmission failed 3 times.
9. Inform the Receiving Station of the issue when delivering Plastic Bag 600 and the Wheeled Ballot Bag.

Glossary

Activation Code
Based on where a person lives, the Activation Code determines the specific office(s) and Referendum(s) for that voter. It is listed on the Voter Information Screen on the ePollbook and on the Emergency Voter List. It is used to activate a voter card for use in the Touchscreen.

Alternate Ballot Box
The top compartment of the VSC that should be used as a ballot box if the Scanner or the Polling Place loses power, or if the Scanner is inoperable for any reason (jam, misreads, corrupted cards, etc).

Affidavit for Universal or Provisional Voters FORM 301 (only used if all ePollbooks fail)
A sworn statement filed out to support a voter’s qualifications to vote or receive assistance.

A.M. Zero Tape
A diagnostic tape printed by the Scanner before the polls open. The A.M. Zero Tapes list all of the precinct candidates and Referendums and show that all totals are zero.

Audio Ballot
A ballot on the Touchscreen which can be heard and not seen or seen if the voter wishes. The voter listens to the ballot on a headset and makes choices by pressing buttons on a keypad connected to the Touchscreen.

Wheeled Ballot Bag
A bag containing all the voted ballots and other evidence of the election. It is delivered to the Receiving Station at the end of Election Day.

Ballot Style Number
Based on where the voter lives, the Ballot Style Number determines the specific office(s) and Referendum(s) for that voter. It is listed on the signature book, on the Voter Information Screen and Voter Check-in receipts from the ePollbook.

Campaign-free Zone
Election Judges must mark off 100 feet from the entrance to the room where voting occurs to show the area where Electioneering is prohibited.

Card Activator
Election Judges use the Card Activator to program each voter’s voter card with their appropriate Activation Code when voters are checked in on the ePollbook. Voters then insert the activated voter card into the Touchscreen to mark their ballot.

Credential
An official document presented by a Poll Watcher or another official election observer to gain entry into a Polling Place.

Curbside Voting
Requested by an individual who has difficulty entering or is unable to enter the Polling Place. Election Judges bring voting supplies to the voter outside of the Polling Place.

Duty stations (1 - 3)
The duties and responsibilities of the Election Judges on Election Day are assigned to one of three stations in the Polling Place.

Electioneering
The act of trying to influence someone’s vote. It includes displaying or handing out buttons, posters, symbols or logos, or campaign literature. It is prohibited inside the Polling Place, or within 100 feet of the entrance to the room where voting occurs.

Polling Place Technician (PPT)
Each precinct is assigned at least one PPT, who will help to ensure that the voting equipment is set up properly, working throughout the day and that the polls are closed and the Statement of Ballots is complete. Election Judges are trained to set up and close, so the PPT is there to assist if needed. The PPT’s main function is troubleshooting equipment and helping voters with equipment related issues. PPTs are assigned to sit at Station 2 and help with issuing paper ballots. This will allow them the freedom to move around the precinct when needed. The PPT will be one of the Election Judges to return material to the Receiving Station.
Glossary (Continued)

Inactive Voter
A voter who has been removed from the active voter list, but may still vote after signing an affidavit.

Mail Ballot
Voters can cast ballots before Election Day by voting by Mail Ballot.

Magnifier
A voter aid used to enlarge the type on the ballot. It is available to all voters at Station 2.

Memory card
A card, found inside the Poll Worker door, on the front of the Scanner. It contains programmed information for each precinct to record the votes cast on the Scanner during the day. It must be removed from the Scanner and delivered to the Receiving Station in Plastic bag 601 at the end of the night.

Election Judge Oath
Administered before the polls open. Every Judge signs it. It is done on the ePollbook.

Open First Envelope
Includes lanyards with keys, the Security Key for the Scanner and Touchscreen, Poll Worker Cards, an instruction letter, special instructions from the Clerk’s office and other important information.

Scanner
A machine that scans votes on Paper Ballot cards and Touchscreen marked paper ballots. It is located inside the VSC, directly over the Ballot Box. The door to the Scanner must be open for voters to use it throughout the day.

Overvote
Occurs when too many candidates are selected in a particular race. No vote is recorded for the office. The Touchscreen machine will not permit Overvotes. The Scanner will not hold the ballot and give the voter the option to cast the ballot as-is or spoil it and mark a new one.

Pollstar
A portable plastic voting booth.

Poll Watcher
An individual who represents a political party, independent organization, or a proponent or opponent of a Referendum who is legally in the Polling Place to observe the conduct of an election. A Poll Watcher must surrender credentials to gain entry.

Touchscreen Printer
Next to or beneath the Touchscreen. It prints out the voter’s selections from the Touchscreen that are cast by inserting the printout into the Scanner.

Provisional Voting
A Provisional ballot is issued to a voter if there is a question regarding his or her registration status or eligibility to vote. Provisional Voters can only mark a ballot on a Touchscreen.

Referendum
Ballot initiatives or questions of public policy that voters are asked to decide by voting Yes or No.

Results Tapes
A printed consolidated total of votes from the Touchscreens and the Scanner that each candidate received in a given precinct. This tape is printed by the Scanner after the polls have closed.

Write-in Tapes
A printed consolidated total of Write-in votes from the Touchscreens and the Scanner that each candidate received in a given precinct. This tape is printed by the Scanner after the Results Tapes.
