Suburban Cook County Election Website
cookcountyclerkil.gov/elections
Dear Election Judge:

When it comes to the administration of elections in Cook County, our election judges make all the difference. Every judge is a critical member of our team, and you accept a tremendous responsibility in helping to ensure that voting runs as smoothly as possible.

If this is your first election, welcome to the team! You are in great company. For those experienced judges who have stepped up to serve over multiple election cycles, we thank you for your dedicated service and welcome you back with open arms.

There are many challenges ahead as we prepare for the 2024 Presidential election year, and we want to provide you with as much information as possible as you prepare for your service.

The Clerk’s Office has worked diligently in recent years to enhance and improve election operations, for voters as well as judges. We have streamlined the check-in and reporting processes with our new e-Pollbooks, and we have also introduced a streamlined ballot inventory process.

These new measures have brought significant improvements at polling locations, but technology can never replace the unique role of our judges. You are on the front lines, answering voter questions and reassuring them about the integrity of the voting process. For many voters, you are the only contact they have with the Cook County Clerk’s Office, and you represent us well.

We hope that this judge manual will provide you with all the information and materials that you need for a successful 2024 election season. Thank you for being such an important part of our election team and best wishes for a wonderful Election Day!

Yours in Democracy,

Election Judge Department
Cook County Clerk’s Office
The information contained in this Election Judge Manual is current as of December, 2023. If any information changes, you will be provided with an update of the revisions.

IMPORTANT NOTE ABOUT CREDENTIALS

ALL visitors MUST have credentials to be in the Polling Place on Election Day

Not including the Media and Exit Pollsters

(Requirements for "People Allowed in the Polling Place" are listed on page 4)

Field Tech Judges will have a RDC Field Technician "Election Day Support" card in a lanyard.

Cook County non-Technician Judge Staf & Attorneys will have a green Polling Place ID Card.

- This includes KNOWiNK representatives.

Pollwatchers MUST have and surrender their Election Day Pollwatcher Credential.

- Pollwatchers cannot be in the Polling Place without surrendering a credential.
- There are 2 types of Pollwatcher Credentials.
  1. Party (Democrat, Republican, Green)
  2. Universal (for any party)
- Any Credentials surrendered must be completely filled out and signed by both...
  - The Pollwatcher
  - The sponsoring party, organization or candidate.
Election Judges

Election Judges are the Authority in the Polling Place

Five Election Judges are generally assigned to a precinct.

⇒ 3 Democrats
⇒ 2 Republicans
⇒ Or vice versa

Results of previous elections determine which party has more judges in the precinct.

All Judges are encouraged to vote by mail or during Early Voting prior to Election Day.

Polling Place Technician Judge (PPT)

Each precinct is assigned one Polling Place Technician Judge (PPT).

PPT duties include:

Before Election Day

► Remind the team about training.
► Serve as point of contact for the Election Judge team.
► Notify the Election Judge Unit of cancellations, shortages or other problems.
► Read all email correspondence from the Cook County Clerk’s office and follow instructions.
► Check Judge Connect frequently to be aware of any changes to their team.
► Contact the Polling Place to set up a time and a date for supply and equipment check.
► Contact and work with the Election Judge team to check supplies and equipment and set up where possible before Election Day.
  → Troubleshooting and communicating with the Judge support line if needed.
► Contact the proper authorities to ensure the Polling Place will be open by 5 a.m. on election morning, if necessary.

On Election Day

► Have a working cell phone to be used for Polling Place issues on Election Day.
► Help with Station 2 Judge duties.
► While at Station 2, monitor the voters that are using the Touchscreens in their precinct.
  → Assist them if they need help.
  → Make sure they successfully cast their ballot before leaving the Polling Place.
► Troubleshoot equipment.
  → Helping neighboring precincts in the polling place that have no PPT.
► Work with Election Judges to close equipment, print results after the polls have closed and transmit on Election Day.
► Take supplies to the Receiving Station with another Election Judge of the opposite party on Election Night.

There are NO LEAD JUDGES

All Judges have equal authority

However, PPTs have additional responsibilities that are key to a successful election.

Student Judge

Illinois law allows certain High School Juniors and Seniors, who are not necessarily of voting age, to serve as Election Judges. Student Judges must:

► Maintain a minimum 3.0 grade point average.
► Obtain permission from their parent or guardian and school principal.

Student Judges receive the same training and pay as the other Election Judges. They have the same authority as every other Election Judge in their precinct.
Back-up Pool Judge

In larger elections, like the Presidential or the Gubernatorial, there may be a Back-up Judge Pool. These Election Judges did not receive a precinct assignment but are ready to fill in where needed on Election Day.

Back-up Pool Judges may be deployed by Judge Unit staff to precincts where there are less than 3 Judges, or any potentially concerning precincts.

There is no guarantee we will have a Back-up Pool of Judges.

If a Back-up Pool Judge arrives...
→ An Election Judge must add them to the ePollbook, using the “Sign in & Administer the Election Judge Oath” checklist on page 41.

Walk-in Judge

If a Back-up Pool Judge is not available, a registered voter in Cook County may serve as a Walk-in Judge. A Walk-in Judge must represent the same party as the absent Judge.

To appoint a Walk-in Judge, an Election Judge must call the Election Judge Unit at (312) 603-0965 for approval. Once the Walk-in Judge is approved, an Election Judge must enter their information and administer the Election Judge Oath. If you cannot get through immediately, the Walk-in Judge can serve until you reach someone in the Election Judge Unit for approval.

All decisions made by Election Judges are done on a majority basis.

Election Judge duties include:
▶ Following the procedures set forth in the Election Judge Manual.
▶ Reporting any non-working or missing equipment immediately by contacting the Call Center at (708) 222-5100.
▶ Running a fair and impartial election.
▶ Keeping order in the Polling Place.

Election Judges must:
▶ Complete training
▶ Assist with checking supplies and equipment and setting up voting equipment, where possible, before Election Day.
▶ Arrive no later than 5 a.m. on Election Day.
▶ Have polls open at 6 a.m. sharp.
▶ Keep all unauthorized persons away from voting equipment.
▶ Try to ensure that both political parties are always represented in the precinct.

Election Judges must not:
▶ Participate in any form of Electioneering on Election Day.
▶ Go outside the Polling Place door to distribute literature.
▶ Maintain voter records for any party, candidate, civic organizations or opinion that is on the ballot.
▶ Wear campaign buttons, ribbons or distinctive colors identifying with a specific party, candidate, civic organization or opinion that is on the ballot.

Conduct
▶ Conduct yourself in a professional manner at all times.
▶ DO NOT make inappropriate or uninformed comments.
→ No joking or light-handed comments about candidates, contests or voting.
  » Voters take voting very seriously and ALL Judges should do the same.
Election Judge Conduct (continued)

» No profanity or foul language.
» No loud music.
» **NO USE** of personal cell phones, laptops, tablets, headphones or other devices during working hours.
  → No watching movies or TV on your laptop while at your workstation.
» No intoxication allowed in the Polling Place.
» Do not conduct personal business while working as a Judge.
  → On your 15 minute break or on your lunch hour, if you need to conduct any personal business, do it away from your workstation.

» **Food or drink is not permitted at your work stations at any time.** Eat away from the equipment and work materials.

Dress code

» Casual/Business casual dress.
» Dress neat and not sloppy, as you are representing the Cook County Clerk’s Office.
» No political items may be worn including buttons, T-shirts, hats, etc.
» Hats may not be worn in the voting room.

ePollbook Use

» If an ePollbook issue cannot be resolved using this manual, call the Call Center.
  → 708-222-5100
  → **DO NOT** take matters into your own hands.
» ePollbooks are only designed for use as ePollbooks and nothing else on Election Day.
» **NEVER** insert any unauthorized devices into any of the USB ports on the ePollbook.

» **NEVER** log on to the internet for any reason, outside of our instruction.
» Violation of ePollbook usage rules will result in immediate termination.

Availability

» Cell Phone:
  → Your cell phone must be turned on all day. Make sure to answer our calls. We must be able to contact you at all times.
» eHelp
  → Read all messages that popup on screen during the day.

Work Hours

» Election Day work hours are 5:00 am until all closing procedures are complete.
» Arrive by 5:00 a.m. on Election Day.
  → You must be 1st voter ready at 6:00 a.m.
» You may not leave early due to not taking your lunch hour or breaks.
» Violation of work hour rules may result in immediate termination and removal from future Elections.
» Attendance:
  → Call the Judge Unit and your fellow Judges if you are sick and unable to work or running late.
» Breaks (be considerate of your fellow Judges):
  → Lunch - 1 hour
  → 3 Breaks - 15 minutes each

Canceling Your Assignment

If you cannot work, cancel your assignment through Judge Connect.

1. Login to Judge Connect.
2. Select the "ASSIGNMENT" tab.
3. Select "CANCEL ASSIGNMENT".

If you cannot access Judge Connect and cannot work or your precinct has fewer than 3 Judges on Election Day, IMMEDIATELY contact the Election Judge Unit at (312) 603-0970 or elect.judge@cookcountyil.gov.
People Allowed in the Polling Place

Aside from Election Judges and voters, specific individuals are allowed to observe and monitor operations inside the Polling Place before the polls open, during the day and after the polls close. Each observer must present credentials or identification and must never interfere with the election process or disturb voters.

Cook County Clerk’s office staff, Field Techs and attorneys

Field Techs, attorneys and Clerk’s office staff are representatives from the Cook County Clerk’s office who check on the equipment, operations and conduct within each Polling Place. They may have surveys or questionnaires to complete. All Field Techs, Cook County staff and attorneys must show a green Polling Place Credential Card upon entering the Polling Place. They do not have to surrender it to the Election Judges.

Field Technician Judges (Field Techs)

Field Techs will visit Polling Places as a courtesy or to investigate problems with equipment. They can also provide additional election materials, when requested. Field Techs will be wearing a lanyard with "Election Day Support" card in a from the Cook County Clerk’s office. They do not have to surrender it to Election Judges.

Approved law enforcement officials

Law enforcement representatives must display proper identification or a badge from their respective office. They do not have to surrender it to Election Judges. They may handle election materials only if they do not interfere with Polling Place operations.

Approved law enforcement agencies include:
- United States Attorney’s office
- Illinois Attorney General’s office
- Cook County State’s Attorney’s office
- Cook County Sheriff’s Department
- State Board of Election officials

Media and Exit Pollsters

Members of the media and Exit Pollsters are allowed to enter and observe Polling Places. Judges should ask to see identification from members of the media, such as an ID badge or a business card, but they do not need to surrender a credential. Clerk’s Office photographers/videographers need only show their Cook County ID.

Guidelines for Media and Exit Pollsters:
- Media/Reporters/News Crews have the right to photograph and film inside the polling place.
- Individual Voters/Judges can request to be excluded if they do not want to be photographed or filmed - but this does not prevent the media from accessing the polling place and only applies to the excluded individuals.
- Interviews should be conducted at a distance of 100 feet from the entrance, so as to not disturb voting.
- If a problem arises, contact the Clerk’s Communications Department at 312-603-0991 or 312-603-7118.

Media and Exit Pollsters may not:
- Photograph or record voter ballot selections or markings.
- Handle voting equipment or materials.
- Interfere with voter or polling place access.
- Discuss politics or candidates with voters or Judges.
- Conduct interviews inside the Polling Place or within 100 feet of the entrance to the room where voting is taking place.

Poll Watchers

A Poll Watcher is a person who represents a candidate, political party, citizen’s organization, or a proponent or opponent of a question of public policy (Referendum).
People Allowed in the Polling Place (continued)

Who may be a Poll Watcher?

- A Candidate
- Precinct Captain
- Elected Official
- Checker/Watcher/Passer

Although these individuals may use these terms to describe themselves, they are all Poll Watchers. All Poll Watchers must be registered voters in Illinois. A Poll Watcher must have a credential in order to observe the election.

A credential is issued by the State Board of Elections or the Clerk’s office and MUST include a signature or stamp of...

1. An official of the State Board of Elections or the Cook County Clerk.
2. A state or local party chairman, a candidate whose name appears on the ballot, the presiding officer or chairman of an organization, or the proponent or opponent of a Referendum on the ballot.

Upon entering the Polling Place, a Poll Watcher must present a signed credential and surrender it to an Election Judge. Any Poll Watcher who refuses to surrender a credential must leave the Polling Place.

- **Place ALL signed credential in Envelope 604.**

Credentials must include:

- The township & precinct number.
- The Poll Watcher’s name and address.

Poll Watchers must have a credential for each precinct they are watching.

Poll Watchers allowed in a precinct:

<table>
<thead>
<tr>
<th>Appointing Authority</th>
<th>Poll Watchers</th>

</thead>
<tbody>
<tr>
<td>Candidate</td>
<td>2</td>
</tr>
<tr>
<td>Political Party</td>
<td>1</td>

</tr>
<tr>
<td>Proponents or Opponent of a Referendum</td>
<td>1</td>
</tr>
<tr>
<td>Opponents of a Ballot Referendum or Proposition</td>
<td>1</td>
</tr>
</tbody>
</table>

Poll Watchers may:

- Observe the Polling Place before the polls officially open, during the day, and after the polls close
- Verify that the ballot box is empty, if they are in the Polling Place before polls open at 6 A.M.
- Inspect, but not touch, the voting equipment and supplies.
- Stand or sit near or behind the Election Judge station to observe the issuing of ballots or activation cards
- Hear the names and addresses of voters as they announce themselves to the Election Judges
- Compare a voter’s signature to the signature we have on file, on screen on the ePollbook.
- Enter and leave the Polling Place throughout the day without presenting another set of credentials
- Collect a precinct results tape at the end of Election Day

A Poll Watcher who observes something improper must notify the Election Judges and not confront the voter directly. Judges must shut down any voting area with defective or non-working equipment.

Poll Watchers may not:

- Touch voting equipment and supplies during inspection.
- Attempt any supervisory role in the Polling Place and must not touch official election materials
- Block voter access to the Judges’ table
- Escort voters to the voting booths or voting equipment
- Discuss politics or candidates with voters or Judges, or interfere with the work of the Judges in any way
- Challenge a voter without cause
Dealing with Voter Challenges

Challenges usually come from a Poll Watcher, but can also come from an Election Judge or voter.

- Challenges must be directed to the Judges and NOT to the voter.
- Judges must hear all proper challenges and issue rulings.
  - However, voters may not be harassed or challenged without adequate cause.
- Repeated challenges by Poll Watchers or Judges can lead to expulsion from the Polling Place.
  - If you believe harassing behavior is occurring, call the Legal Helpline immediately at (312) 603-0236. The Clerk’s office has the right to dismiss anonymous complaints.

Challenges Based On Identity or Residence

- Identity
  - It’s not really the voter.
- Residence
  - The voter does not actually live at the address in the precinct.

A challenger must provide Election Judges with a reasonable fact to support the challenge.

Example:

- Unacceptable Challenges:
  - I don’t think he is John Smith
  - I don’t think she really lives at 123 Main St.
  - These types of challenges should be rejected because they are not specific.
    - Voters MUST be allowed to vote a regular ballot
      - UNLESS there is another Provisional Voter Special Circumstance.
      - Special Circumstance Voters are explained on page 77.

- Acceptable Challenges:
  - John Smith is my neighbor and that is not John Smith.
  - She can’t possibly live at 123 Main Street because I live there.
  - That is not the signature on file.

Acceptable challenges must be voted on

- If the majority of Election Judges believe that the challenger has a reasonable challenge, then ask the voter to show some proof of identity or residence, as the case may be. A Driver’s License or State ID is always good proof, but so are many other forms of ID and/or documentation.
- If you decide that the challenge has no merit, allow the voter to vote as usual.
- If you uphold the challenge (agree with the challenger), issue the voter a Provisional ballot. See page 78 to find the specific type of challenge to properly issue a Provisional ballot.

Challenges Based On Previous Vote

Already voted (either by mail, early or grace period):

If the ePollbook says the voter already voted, and the voter says that they:

- Did not vote,
  - Issue a Provisional ballot.
- Voted by mail,
  - And IS returning the Mail Ballot today, turn to page 83.
  - And IS NOT returning the Mail Ballot today, turn to page 85.
- Already Checked-in,
  - Turn to page 93.

Challenges Based On Registration

Every voter who is listed in the ePollbook is properly registered and challenges to these voter’s registration must be rejected.
Special Assistance

The Clerk's office provides assistance for the following 11 languages, voters with disabilities and elderly voters.

- Arabic
- Chinese
- Gujarati
- Hindi
- Korean
- Polish
- Russian
- Tagalog
- Ukrainian
- Spanish
- Urdu

Voters requiring language assistance

The Clerk's office is required to provide language assistance in certain precincts under the amendments to the Federal Voting Rights Act of 1992.

All posters, ballots and voting instructions are multilingual (usually bilingual, and in some cases, quadrilingual). However, more assistance is sometimes needed. In precincts where no bilingual Election Judges are working and a voter is confused or needs language assistance, Judges should call one of the language-assistance hotlines, listed on the back of the front cover of this manual. A bilingual staff member at the Clerk's office will provide assistance over the phone. The Clerk's office provides language assistance for all 11 languages listed above.

Judges assigned as the Bilingual Judge must wear the oversized Election Judge badge, identifying what language they speak.

Be sensitive. If a voter seems confused or does not seem to understand instructions, the Bilingual Election Judge should inquire whether the voter would like assistance.

Touchscreens

Each Touchscreen is equipped with ballots in Spanish and, in certain precincts, all 11 languages.

Audio Ballots

Any voter may request an Audio Ballot, which allows the voter to listen to the ballot on a headset connected to the Touchscreen. Audio Ballots are available in Spanish, Tagalog, Hindi, Chinese, Korean, Polish, Russian, Ukrainian, Arabic, Urdu and Gujarati.

They may be particularly helpful to voters with limited reading skills.

Voters with disabilities & elderly voters

All but a few Polling Places in suburban Cook County are wheelchair accessible. However, voters with disabilities or elderly voters who are unable to gain entry to a Polling Place can request that Election Judges provide curb side voting.

Assisting voters with disabilities

Voters in need of assistance may request it from a family member, friend, or two Election Judges (one from each party).

Assisted voters and those assisting them must sign an affidavit on the ePollbook prior to voting.

Each Polling Place has at least two Touchscreens. These machines enable many voters with disabilities to vote privately and independently, without any assistance. They are equipped with a headset and keypad to allow voters who are blind or visually impaired to hear the ballot and make their selections by pressing the buttons on the keypad.

Each Touchscreen also has a sip and puff interface located underneath the audio keypad.

Voting aids (such as the seated voting booth and magnifier) are also available.

If a voter needs language assistance, call one of the language assistance hotlines on the back of the front cover of this Election Judge Manual.

If Judges or voters have any questions, call a disability coordinator from the Clerk’s office at (312) 603-0987.

Recognizing Ballot Styles in a Split Precinct

### Instructions

Para votar, rellene el óvalo. Si hace otras marcas, se podrá invalidar su voto. Para votar por una persona que no aparece en la boleta, escriba el nombre en el espacio designado ‘voto por escrito’, y círculo el oval correspondiente. Si comete un error, pida una boleta nueva.

### Same Precinct

A Split Precinct has different Ballot Styles for different voters.

### Although the voters are in the same precinct, they are not in all of the same districts. These differences cause a Split Precinct.
Recognizing Ballot Styles

Precinct Ballot Style Numbers

A Split Precinct is a precinct that has two or more active election districts of the same type within its boundaries.
Example;
The boundary between two state representative districts is a street that runs through the middle of the precinct. On one side, voters choose from one set of candidates and voters choose from a different set on the other side.
→ A Split Precinct will have at least two different Ballot Styles and Activation Codes.
  » Every voter in a Split Precinct is assigned a Ballot Style Number that corresponds to a specific Paper Ballot and Touchscreen Activation Code.
→ To ensure that each voter chooses from the correct set of candidates.
  1. Identify & enter the Ballot Style Number(s) in the precinct before the polls open.
     » Steps 16 and 17 on page 20.
  2. Make sure voters, who choose to vote a Paper Ballot, are issued ballots with correct Ballot Styles.
→ The Ballot Style is found on Voter Information Screens throughout the check-in, on the ePollbook, and on a small Check-in Receipt that prints out after check-in.
  » Ballot Style notices are sent through e-mail and/or in the Open First Envelope.

The Ballot Style Number listed on the Voter Check-in Receipt must correspond with the Ballot Style Number listed at the top right of the Paper Ballot issued to the voter, as illustrated here.

**Presidential Primary Election**

6am – 7pm

**Alternate Entrance**

**Presidential Election Day: 5 a.m. to 6 a.m.**
Post Signs and Notices

Follow the guidelines below to post signs and notices on Election Day.

Outside the Polling Place

Place signs outside the doors leading into the building where the Polling Place is located. Three possible scenarios exist:

→ The main outdoor entrance is wheelchair accessible.
→ The main outdoor entrance is not wheelchair accessible, but another entrance is accessible.
→ No outdoor entrance to the building is wheelchair accessible.

Entrance to accessible Polling Place

→ If the main outdoor entrance to the Polling Place IS wheelchair accessible, post the following items outside the outdoor entrance:
  » The American flag
  » POSTER 200 side 1 Polling Place sign with an accessible symbol

→ If the main outdoor entrance to the Polling Place IS NOT accessible to the disabled but an alternative entrance is, post the following:
  » The American flag
  » At the MAIN entrance: POSTER 200 side 1 Polling Place sign with a wheelchair accessible symbol.
  » At the MAIN entrance: POSTER 201 alternate entrance sign with an arrow directed to the alternate entrance.
  » At the ALTERNATE entrance: POSTER 202 alternate entrance locator.
    » The alternate wheelchair accessible entrance.

Entrance to non-accessible Polling Places

If no entrance to the Polling Place is disabled (wheelchair) accessible, post the following:

→ The American flag
→ POSTER 200 side 2 Polling Place sign displaying the wheelchair symbol with a slash mark, indicating that the building is not accessible to disabled voters
Inside the Polling Place

Post each of the following signs inside your precinct, where voters can read them prior to voting:

→ POSTER 203 precinct identification
→ POSTER 204 information and services
→ POSTER 205 a bill of rights for all voters
→ POSTER 206 for Provisional Voters
→ POSTER 209 acceptable ballot markings (inside voting booths)

Campaign-free Zone

Electioneering
The Campaign-free Zone provides an intimidation-free election environment for voters in and approaching the Polling Place.

→ Electioneering is strictly prohibited within 100 feet from the door to the room in which voting is conducted. Electioneering includes wearing buttons, badges, tee shirts, sweatshirts, caps, or any type of clothing in specific colors or with slogans, pictures, etc.; asking voters to vote a particular way; or leafleting.

→ Intimidation is a felony under Illinois Law.

Measure 100 feet for the Campaign-Free Zone
Election Judges must mark off 100 feet from the entrance to the room where voting occurs (the Polling Place room) with the blue piece of chalk found in Kit 1.

![A church or private school may choose to apply the Campaign-free Zone to its entire property.]

→ If so, the proprietor must notify the Clerk's office in advance of the election.

→ If this applies to your Polling Place, the Clerk's office will notify you through email.

→ In this case, the chalk mark should be placed at the property's boundaries outside.

Your Polling Place Type
Determine which of the following scenarios best describes your Polling Place.

→ This will help determine where to place the chalk mark.

▶ In a one-story building or ground floor of multi-story building.
If the Polling Place room is in a one-story building or on the ground floor of a public or private building with two or more floors,
1. Measure 100 feet from the entrance to the polling room.
2. Place the chalk mark on the ground, even if it is still inside the building.
3. Mark all entrances that voters can use to get to the Polling Room.

▶ On a floor other than ground floor of multi-story building.
If the Polling Place room is on a floor above or below the ground floor in a public or private building with two or more floors,
1. Measure 100 feet from the nearest elevator and/or staircase used by voters on the ground floor.
2. Place the chalk mark on the ground.

▶ In a public or private school or church, or other religious building.
If the Polling Place room is located in a school or in a church or other religious building and the distance of 100 feet ends within the building,
→ Place the chalk mark outside of the building at each entrance used by the voters.
→ This special rule only applies to public or private schools, churches or other religious buildings.

If you have questions about the Campaign-free Zone, call the Legal Help Line: (312) 603-0236.
Election Judge ID Badges

Fill out and wear the Judge Identification Badges

- **Election Judge ID**
  
  Each Judge is assigned to serve as either a Democratic or Republican Election Judge.
  
  → The identification badges are located in the plastic supply box in Kit 1.
  
  1. Print each Judge’s name, township and precinct information on the badge of the party they represent.
  2. Wear the badge the entire day.

- **Bilingual Election Judge Badges**
  
  Certain precincts are assigned Bilingual Election Judge(s), based on the number of Bilingual Voters in that precinct
  
  → The identification badges are located in the plastic supply box in Kit 1.
  
  1. Print the Bilingual Judge’s name, township and precinct information on the special oversized identification badge.
  2. Wear the badge the entire day.

If you have questions about the Campaign-free Zone, call the Legal Help Line: (312) 603-0236.

Polls must be open at 6 a.m. and ready for the first voter.

At 6 a.m. an Election Judge will stand at the entrance to the Polling Place and declare:

The polls are open!

The majority of voters arrive to vote in the early morning or late afternoon. Follow these steps to keep lines to a minimum:

Two Judges, one from each party, must always be present at Station 1.

→ The bilingual Judge, if possible, should be one of these two Judges.
Signature Verification Considerations

When evaluating a signature, remember that no one always makes a signature the same way (signatures change over time). Signatures are an individual expression of an individual’s name; they are not transcriptions of the name and there is no absolute formula for evaluating a signature, but the following considerations are important.

**Step 1**

**BROAD, INITIAL CONSIDERATIONS**

1. The visual impression that a signature makes is a good starting point, but not final

   Franklin D. Roosevelt vs. Franklin D. Roosevelt

2. Consistency, not identity, is what matters; the overall form of the letters should be consistent

   Millard Fillmore vs. Millard Fillmore

3. Proportion, not size, matters: RELATIVE height and length are what matters

   William Buren vs. William Buren

   Signatures tend not to be complete – middle initials; combined letters; drift-off at end, but the “shape” of the incomplete part should be consistent with the rest of the signature

4. “Ideographic” signatures are OK, if they match

   **Step 2**

   **PARTICULAR, CLOSE CONSIDERATIONS**

1. First letters tend to be the most consistent

   Tu vs. Tu

2. How letters are connected – or not – matters

   William Buren vs. William Buren

3. Slant matters, especially left slant, which is uncommon

   Abraham Lincoln vs. Abraham Lincoln

4. Similar flourishes are indicative of the same hand

   James A. Garfield vs. James A. Garfield

5. Crossing “T” and dotting “I” is a common characteristic of consistency

   Harold Washington vs. Harold Washington

<tbody>
<tr>
<td>!</td>
<td></td>
<td>State law was changed on July 1, 2015 so that a photo ID is no longer required. However, if the voter has their Driver’s License or State ID out, they may scan it. This will enable you to check in voters quicker and more efficiently and will reduce lines.</td>
</tr>
</tbody>
</table>

### The Regular Voter

Give the voter the option to use their Driver’s License or State ID to speed up the check-in process.

→ If the voter chooses to use their ID,

A. Tap the black “Scan Barcode” button on the bottom left of the screen.
   » The ID Reader will activate.

B. Have the voter place their Driver’s License or State ID on the ID Reader stand, with the ID facing them.
   » This will automatically search for the voter

C. Move to step 3 when the address verification screen with the voter’s information appears.

→ If the voter DOES NOT choose to use their ID,

A. Tap the black “Manual Entry” button on the bottom right of the screen.
   » Last and First name boxes will appear.

B. Type in at least the first 2 - 3 letters of the voter’s last name and of their first name.

**Hint:** If you have trouble finding a voter whose name has an apostrophe, substitute a space instead. Also, don’t add a space in names like DeMille, LaBrose and McCormack or remove the space if you have entered the name with one and don’t find the voter. Don’t give up. For Advanced Search options, see page 75.

A. Tap the black “Search” button at the top right.
   → The voter’s name and address will appear on screen.
   → If there are other names that fit the search, a list of voter names will appear on screen.

B. Ask for additional information to find the voter if there are other voters with the same name.
   → Date of birth, address, etc.

C. Tap on the voter’s name.
Checklist 9: Processing Regular Voters (continued)

3. A screen with the message “Please verify the voter’s name and address is correct” will appear, with the voter’s date of birth, name and address.
   A. Flip the screen toward the voter
   B. Ask them to verify their name and address.
   C. Flip the screen back toward you.
   D. Tap the “Name & Address is Correct” button on the right if the voter’s information is correct.

   → If the voter’s name is incorrect, turn to Checklist 15: “Name Change” on page 91.
   → If the voter’s address is not correct or has changed, turn to Checklist 21: “Change of Address” on page 111.

   A. Ask the voter in what language they would prefer their ballot.
   B. Tap the language the voter would like.
      → Paper ballots in different languages are limited by precinct.
      → Touchscreens will have all 12 languages offered by the Cook County Clerk’s Office.
   C. Tap the blue “Accept” button on the top right.
      → The “Signature Confirmation” screen will appear.

5. Skip this step in a General Election.
   The “Party Selection” screen will appear in a Primary Election, but not in a General Election.
   A. Tap on the voter’s party if it’s a Primary Election.
   B. Tap the blue “Accept” button on the top right.
Checklist 9: Processing Regular Voters (continued)

6

A. Flip the screen toward the voter.
B. Instruct them to sign the screen after reading the certification language.
   → Tell the voter to tap the black “Listen to Oath” button, if they want the ePollbook to read the certification aloud.
C. Flip the screen toward you after they sign.
D. Tap the blue “Done Signing” button.

7

The “Poll Worker Confirmation” screen will appear, with the voter’s signature in the “Signature on File” box and today’s signature in the “Signature on Election Day” box.

A. Compare the signatures
   → If they match, write your initials in the “Initial” box at the bottom right.
B. Tap the blue “Submit” button at the top right.

For issues with the voter’s signature, see pages 95 - 99.

8

A screen with the message “Choose the type of ballot you are providing the voter” will appear.
   → Give the voter the option to vote by Touchscreen or Paper Ballot.

   D. Direct the voter to a Touchscreen after explaining the ballot casting instructions. |
Checklist 9: Processing Regular Voters (continued)

Touchscreen Ballot Casting Instructions for the Voter

⇒ The Touchscreen is only a ballot marking device, and does not cast ballots.
⇒ With the exception of Provisional Ballots, all Ballots must be cast on the Scanner.

A. Tell the voter that the Touchscreen has printed their ballot when the “Thank you for voting...” screen to the left appears.
   → Their ballot hasn’t been cast yet.

B. Tell the voter to follow these steps to cast their ballot:
   1. Remove their Voter Card from the slot.
   2. Remove their ballot from the Ballot Printer.
   3. Take the following to the Scanner:
      → Their ballot
      → The Activation Card
      → The Voter Privacy Shield
   4. Keep their votes on their ballot covered with the Voter Privacy Shield. The judge at the Scanner will initial it.
      → The Scanner will not accept ballots without judge initials.
   5. Insert their printed ballot into the Scanner.
      → Still covered by the Voter Privacy Shield.

The Judge at the Scanner will give the voter an “I Voted” sticker after the ballot is cast and the Voter Privacy Shield and Voter Card have been collected.

Advanced Search Options

If you cannot find the voter using their last and first name, don’t give up! There are other options.

- First, verify with the voter that you’ve spelled their name correctly.
- Try names like Mc Donald, De la cruz, and Van de Kamp and O Connor, with and without the spaces.

Try an Advanced Search to find the voter.

1. Tap the “Advanced Search” button, to the right of the black “Search” button

The “Advanced Search” button will turn black and a list of selections will appear beneath the “Last Name” and “First Name” boxes.

2. Tap on the search option you want to try.

- **DOB (Date of Birth)**
  - Works well if there are several name matches.

- **Address**
  - Works best if the last and first names alone aren’t working.

- **License No.**
  - Used if the Driver’s License or State ID didn’t scan.

- **Voter ID**
  - Located on the voter’s Voter ID card.

- **Scan Barcode**
  - Use this option if the voter decides to use their Driver’s License or State ID.

3. A. Enter the information for the search option you select.
   - The searches will be added to the “Last Name” and “First Name” searches.

   B. Tap the black “Search” button after each entry.
   - The options will turn orange as you try them.

Special Circumstance Voters

Three Types of Special Circumstance Voters
1. Provisional
2. Election Day Registration
3. Other Affidavit

The type of Special Circumstance determines how to check a voter in.

**Provisional Voters**

Provisional Voters have registration issues that can’t be resolved by Election Judges on Election Day.

→ Their votes may or may not be counted and **MUST** be marked on the Touchscreen.
→ Judges **MUST** activate a Provisional Voter card on the ePollbook.
→ They must sign a Provisional Voter Affidavit.
→ They must be given a Provisional Voter Receipt that gives instructions on what they should do next.
→ Provisional ballots **DO NOT** get cast on Election Day.
  » Instead, they are sealed by the voter in a Provisional Ballot Envelope, with the Ballot Style Receipt from the check-in attached and the Voter’s name written.
  » The voter will hand the sealed envelope to the Judge at Station 2, who will place it in Provisional Envelope 606.

**Provisional Ballots After Election Day**

→ Provisional Ballots are only processed and counted if the voter’s circumstance is resolved.
→ Provisional Ballot Envelopes are identified by the Ballot Style receipt and the Voter’s name.
→ The ballot is removed from the envelope by election staff and placed with other resolved Provisional Ballots to be processed.
→ A different election staff member processes all of the ballots at once.

**Election Day Registration Voters (EDR)**

There are Two types of EDR Voters.
1. New Voters registering for the first time.
2. Voters who moved but did not re-register.

→ EDR voters **MUST** show two pieces of ID to fully register and vote.
  » If they don’t have ID, they will vote a Provisional ballot.
→ They must sign an EDR Voter Affidavit
→ After completing the registration process and checking in, they will be given a Voter Registration Receipt as proof of their registration.
→ They are allowed to vote a regular ballot on the Touchscreen or using a Paper Ballot.

**Other Affidavit Voters**

Other Affidavit Voters have issues that Election Judges can resolve on Election Day.

→ They must sign an Other Affidavit Voter Affidavit for their specific Special Circumstance.
→ They are allowed to vote a regular ballot on the Touchscreen or using a Paper Ballot.
**Special Circumstance Voters (continued)**

Below, is a list of Special Circumstances, the issues that cause them, and the pages in this manual that give instruction on how to handle them.

Who May Register to Vote

To register to vote, a person must:

▶ Be a U.S. citizen.
▶ Be at least 18 years old by the next election.
  → 17 year old citizens who turn 18 on or before the next General Election may be registered and vote.
▶ Reside in Suburban Cook County.
▶ Display two pieces of identification.
  → Neither needs to be a photo ID but one must include their current address.

Important Information

⚠ Persons convicted of crimes and currently serving their sentences in a penal institution cannot vote. People awaiting trial in a penal institution or persons on parole or probation are eligible to vote.

⚠ If a person tells you that their gender is different from the one on their ID, enter their gender as specified by the voter on the EDR Registration form in the ePollbook.

⚠ Electronic retrieval of bills or other documents are acceptable as long as they contain the information needed to complete the ID box.

⚠ If the voter has insufficient ID, they can vote Provisionally on Election Day.

⚠ Voters may not use the same type of item from both lists.
  ▶ For example you may not accept 2 pieces of mail.

⚠ An Election Day Registration (EDR) voter must vote at the same time that they register.
Checklist 21: Change of Address

Make sure the voter has moved in or into the precinct they are voting in on Election Day.
→ If the voter's new address is in a different precinct, they will need to go there to change their address and vote.

Follow the steps on this checklist to process a voter whose address has changed.

Two More Voter Registration Check-in Receipts

Two more receipts will print when the “Activate Card” or “Submit” button is tapped after the ballot marking choice selection at the end of the Check-in.

→ These two receipts are different than the Regular Voter Check-in receipts.

I. Ballot Style Receipt
   ➴ The shorter receipt
      ➢ Hand this receipt to the voter.
        - The voter will now have the Voter Registration Receipt and the Ballot Style receipt.

III. The Check-in Receipt
   ➴ The second longer receipt will show the new address and the ID used.
   ➢ Place this receipt in the Voter Check-in Receipt Envelope.

If the VOTER DOES NOT HAVE SUFFICIENT ID and chooses to vote Provisionally, there will be three receipts in this step that will print in the following order.

1. Provisional Instruction Receipt
   → The first long receipt, with Provisional Voter instruction.
      A. Hand this receipt to the voter.
      B. Hand the voter Pink Form 503.
         ➤ **ONLY IF** they selected any other language than English or Spanish in step 7.

3. Ballot Style Receipt
3. The Check-in Receipt
Checklist 22: New Voter

- If a voter has not registered to vote in their precinct, you will not find them in the ePollbook.
- If the voter insists they are registered and you have gone through all of the voter search options in this manual, contact Voter Verification.
  → Advanced Search Options are in Checklist 9: Processing Regular Voters, on page 75.
- If the voter tells you they are not registered to vote in their precinct, register them as a new voter on the ePollbook, following the New Voter Election Day Registration Process below.

      » See step 8 on the next page for instruction.
Checklist 22: New Voter (continued)

9

The “Ballot Language” screen will appear.
A. Ask the voter in what language they would prefer the ballot.
B. Hand the voter green Form 504.
  ▶ ONLY IF they select any other language than English or Spanish.

Steps 4 - 12, starting on page 70, Checklist 9: Processing Regular Voters for instructions on checking a voter in.

Two Voter Registration Check-in Receipts

10

Two more receipts will print when the “Activate Card” or “Submit” button is tapped after the ballot marking choice selection at the end of the Check-in.

→ These two receipts are different than the Regular Voter Check-in receipts.

I. Ballot Style Receipt
   » The shorter receipt
     › Hand this receipt to the voter.
       - The voter will now have the Voter Registration Receipt and the Ballot Style receipt.

III. The Check-in Receipt
   » The second longer receipt will show the new address and the ID used.
   » Place this receipt in the Voter Check-in Receipt Envelope.

If the VOTER DOES NOT HAVE SUFFICIENT ID and chooses to vote Provisionally, there will be three receipts in this step that will print in the following order.

1. Provisional Instruction Receipt
   → The first long receipt, with Provisional Voter instruction.
     A. Hand this receipt to the voter.
     B. Hand the voter Pink Form 503.
       ▶ ONLY IF they selected any other language than English or Spanish in step 7.

3. Ballot Style Receipt
3. The Check-in Receipt

B. Sign your name on the “Election Judge Signature” line.

C. Tap the blue “Submit” button, on the top right of the screen.

The “Already checked in” screen will appear again.

→ DO NOT tap the “Cancel Check in” button.

→ Tap the “Go Back” button at the top right of the screen.

  » The Voter Search screen will appear.
  » The “Checked-In” message will be removed.
Station 2

Issuing Paper Ballots

A Judge and a PPT, one from each party, serve at Station 2. They are responsible for issuing voters paper ballots and collecting Provisional Ballot Envelopes from voters.

→ Each voter will get 1 Paper Ballot Card for the Presidential Primary Election. The public counter will go up by 1 for each voter when they cast their ballot in the Scanner.
   » Look at the Ballot Style Receipt and issue the voter a ballot card based on their Ballot Style and Party.
   » Ballot Style Receipts are issued to the voter at Station 1.
   » If you are in a Split Precinct, make sure it is the correct Ballot Style on the ballot.

→ Ballots will be in shrink-wrapped packages of 50 for English/Spanish and 25 for all other languages.
   » Open only one package of each Ballot Style at a time.

→ Sealed Provisional Ballot Envelopes will be placed in the Provisional Envelope 606.

→ The PPT must monitor the voters using the Touchscreens in their precinct and handle troubleshooting when needed.

**Proposed Call for a Constitutional Convention**

**Propuesta de Convocatoria a una Convención Constituyente**

"For the calling of a State Constitutional Convention"  
"Para la convocatoria a una Convención Constituyente"  

Explanation of Proposed Call  

Explicación de la Propuesta de Convocatoria

The last such convention was held in 1969–70, and a new convention was adopted in 1970. That document requires that the question of calling a convention be placed before voters every 20 years. This is your opportunity to vote on that question. If you believe the 1970 Illinois Constitution needs to be revised through the calling of a convention, you should vote YES. If you believe that a call for a constitutional convention is unnecessary, or that changes can be accomplished through other means, you should vote NO.

For the convocatoria a una Convención Constituyente Estado  

Explicación de la Proposición de Convocatoria  

Esta proposición trata sobre una convocatoria a una convención constituyente. La última de estas convocatorias se celebro en 1969-70 y se adoptó en 1970. Ese documento requiere que la cuestión de la convocatoria a convenciones sea sometida a consideración de los votantes cada 20 años. Esta es su oportunidad de votar para esta cuestión. Si piensa que la Constitución de Illinois de 1970 necesita ser revisada mediante la convocatoria a una convención, debe votar SÍ. Si considera que no es necesaria una convocatoria a una convención constituyente o que los cambios se pueden hacer por otros medios, debe votar NO.

</table>
|       | 1      | A. Check the Ballot Style Receipt, issued at Station 1, to learn the voter’s Ballot Style Number.  
B. Select the correct paper ballot for the voter using the Ballot Style Number. |
|       | 2      | Using a pen, one Judge must initial the Paper Ballot in the designated boxes.  
→ Be sure that the initials remain inside the box. |
|       | 3      | A. Give the voter one (1) ballot card.  
B. Give them a ballot pen, and a Voter Privacy Shield.

B. Fill in the oval next to the Write-in candidate’s name. |
|       | 5      | Direct the voter to any available voting booth. |
**Station 3**

**Touchscreens**

**Monitoring the Touchscreens**

The Judge at Station 3 must:

→ Assist voters, if they need help.
→ Make sure voters successfully cast their ballot before leaving the Polling Place.
→ Collect the Voter Card and Voter Privacy Shield from every Touchscreen voter.

**The Scanner**

**Inserting paper ballot cards**

The Judge at Station 3 should stand near the Scanner to assist any voter who requests help. They should give the voter enough space to allow the individual to insert their ballot(s) privately.

*Remind the voter to place the Voter Privacy Shield on top of their ballot to keep selections private.*
→ At no point should any Judge look at a voter’s ballot.

1. Ask the voter to insert their ballot(s), into the Scanner slot. The Voter Privacy Shield does not get inserted.
   → The Scanner will accept ballots much like a vending machine accepts a dollar bill.
   → If ballots have been marked and initialed properly, the Scanner will accept, read and store them.

2. Retrieve the Voter Privacy Shield and pen from the voter.

Voters are given the option to cast or return their Paper Ballot if the Scanner detects:

→ An overvote
→ A blank ballot
→ An undervote *(in certain elections and races)*

Paper Ballots are rejected if the Scanner detects:

→ Provisional Ballots
→ No Judge initials
→ Defective Ballots
   » Judge’s initials exceed the allotted space
   » The ballot is wrinkled or ripped

See Scanner Troubleshooting, page 181 for instructions on handling rejected ballots.

**Scanner Messages**

During Scanner operation, there are several messages that may appear on the LCD screen. It is important for PPTs and Election Judges to pay attention to these messages. The chart below contains messages that you may see on the Scanner and the action to take when each appears.

The “I Voted” stickers

Station 3 Judges must make sure that all voters receive the “I Voted” sticker after they cast their ballot and before they leave the Polling Place.

*In elections with more than one ballot card, it is not necessary to spoil both ballot cards if the voter wants to make changes on only one of the cards.*
Voter Assistance

Voting aids
Hand-held magnifiers for voters who are visually impaired are available at each precinct.

Voter assistance
The Clerk’s office provides several programs and materials aimed at making it easier and more convenient for disabled and non-English speaking voters to cast ballots independently.

→ Voters may bring a friend or relative to the Polling Place to assist with voting or request assistance from the Election Judges.

→ If Election Judges are requested it must be 2 of them, 1 from each party.

→ Anyone assisting a voter, including Election Judges, must sign a Special Circumstance Affidavit.

Assistance may be provided to:
→ Voters unable to physically mark a ballot
→ Voters unable to read, speak or write English
→ Voters with limited reading and writing skills

**Voter assistance is given in private. Information regarding a voter’s selections must not be shared with anyone.**

If you have any questions regarding assisting disabled voters, call a disability coordinator at the Clerk’s office:
(312) 603-0944.

Hearing impaired voters can call the Clerk’s TDD Information Line:
(312) 603-0902.

If Judges need to verify the request for Curbside Voting, call the Legal Help Line:
(312) 603-0236.

Curbside Voting
A voter who is disabled and has difficulty or is unable to enter the Polling Place may request to vote outside of the Polling Place.

The Clerk’s office will attempt to provide Election Judges at the precinct with a list of curbside voters and their expected arrival time to the Polling Place.

→ This list will be inside the 6 AM Envelope.

*Because of the 5 p.m. deadline the day before Election Day, a complete list may not be available the morning of Election Day.*

Administering Curbside Voting
The voter should come as close to the building’s entrance as possible. The voting procedures and conduct for Curbside Voting are the same as for voting within the Polling Place. Poll Watchers may be present.

Maintain voter privacy:

1. Process the voter as you would a regular check-in, but stop at the Voter Signature screen.
   → The voter will need to sign the iPad.

2. Take a paper ballot, Voter Privacy Shield, marking pen, and iPad from the ePollbook out to the location specified in the request.
   → Must be 2 Judges - one from each party
   → Curbside Voters are issued paper ballots.

3. Verify the voter’s signature before handing the voter the Paper Ballot.

4. Bring the ballot in and run it through the Scanner after the voter has completed voting.
   → Make sure to keep the ballot covered with the Voter Privacy Shield from the minute the voter hands it back to, until it is inserted into the Scanner.
**ATI Handset**

**Audio Voting**

The Touchscreen is equipped with an Audio Ballot, a headset and an ATI (Audio Tactile Interface) handset to allow voters who are blind or visually impaired, have limited manual dexterity, or have limited reading skills to hear the ballot and make their selections through the Touchscreen’s AVS (Accessible Voting Session).

Voter Navigation through the Ballot, Using ATI Handset

During Accessible Voting, the ballot is marked by the voter, using their selected device.

- Instruction on how to use their selected device is given through the headphones.
- A voter can navigate through the ballot contests and choices.
- The voter can select the language, text size, audio volume, tempo and screen colors.

The ballot is presented to the voter in the following order during Accessible Voting.

<table>
<thead>
<tr>
<th>Step #</th>
<th>Instruction to Voter</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>First Contest</strong></td>
<td></td>
</tr>
</tbody>
</table>
| 1       | The first contest on the ballot is selected and spoken.  
The voter will hear instruction on how to use their device to vote for the first contest or to navigate to any other contest.  
→ When a voter chooses to enter the first contest,  
  » They will hear a description and instructions on how to hear the available choices.  
→ When a voter chooses to vote for a selected contest and listen to the list of choices,  
  » They will hear the first choice and instructions on how to mark a choice.  
  » They can also hear how to navigate to the next choice. |
| 2       | The voter repeats the same process until all choices of the selected contest are presented.  
→ They can make a selection or hear the next choice. |

**Next Contests**

After hearing/selecting all available choices in a contest, the voter can navigate to the next contest using the navigation buttons and choose to select the next contest.

→ The voter will repeat the procedure to vote for each available contest.

**Ballot Review**

When the last contest is reached, after selecting all the available choices, the voter is moved to the “Ballot review” screen.

→ The Ballot Review Screen can be navigated to at any time by:  
  » Using the navigation button on the bottom of the screen *(Audio Visual Voting).*  
  » Navigating through screen action buttons as instructed by the voice instructions for the selected Accessible Voting device.
On the Ballot Review Screen, the voter will:

→ Hear the first summary of their ballot selections.
→ Get instruction on how to hear and review all contests.
→ Learn how to cast their ballot.
  » When the voter reaches the last contest.

Marking the Ballot

When the voter makes the selection to print their ballot, the voter will get the 2 options.

1. Accept and print the ballot.
2. Review/make changes to their choices by returning to the Review screen.

When the voter chooses to accept and print their ballot, they will get one of the following.

2. The screen will give confirmation and the voter will hear through the headphones that their ballot has been marked.
3. The screen will give a warning or message and the voter will hear through the headphones that something went wrong in marking the ballot.

The voter will be instructed to select the “Continue” button.

→ The Accessible Voting session is complete.
→ The “Ready for next Voter” screen will appear on the Touchscreen.

Casting the Ballot

Regular, Other Affidavit & EDR Voters
The voter will be directed or escorted to the Scanner, where they will insert their ballot cards to cast.
→ Make sure their ballot is covered by a Voter Privacy Shield as they insert it into the Scanner.

Provisional Voters
The voter will be instructed to place their ballot in their Provisional Ballot Envelope and directed or escorted to Station 2 to hand their ballot to a Judge to be placed in the Provisional Envelope 606.
→ Make sure the Provisional Ballot Envelope contains their ballot cards and is sealed.

Closing the Polls

At 6:30 p.m. (30 minutes before the Polling Place closes) an Election Judge will stand at the entrance to the Polling Place and declare:

**The polls will close in 30 minutes!**

At 7 p.m. an Election Judge will stand at the entrance to the Polling Place and declare:

**THE POLLS ARE CLOSED!**

The Polling Place entrance must be secured at this time:

→ Secure the door to prevent anyone from entering the Polling Place.

→ Keep the Polling Place sign and flag posted until Judges are ready to leave.

Any voter who is in line to vote at 7 p.m. may remain inside (or in line outside) the Polling Place and has the right to vote. These voters must leave the Polling Place after they have completed voting.

In addition to the Election Judges, individuals with the proper credentials may remain inside the Polling Place to observe the tabulation and transmission of results.

→ They may include:
  » Cook County Clerk’s Office Officials
  » Poll Watchers
  » Certain Law Enforcement Officials

For more information about People Allowed in the Polling Place, see pages 4-5.

After the doors are closed, no other voters or Poll Watchers can enter the Polling Place, even if they have credentials.

Election Judges should complete assigned tasks working as a team to successfully close the polls.
**Scanner Results Tape**

Remember that each voter will cast their ballot card into the Scanner.

- "Total Cast" should match "Total Voters" on the Scanner Results Tape
  - Each voter will only cast one ballot card.
- Use the “Total Votes” listed on the Results Tape when completing the Statement of Ballots on the ePollbook.

Total Check-ins & Voters

13

Verify the total "Check-ins" match the "Total Voters" on the "Poll Book Entries" screen

Count Mismatch

If the totals DO NOT match...

A. Tap the "ADD" button and enter your name again.
B. Select "Count Mismatch" from the "Select a Reason" dropdown menu.
C. Enter the mismatch reason in the "Enter Poll Book Description" box.
   → If the Total Check-ins & Voters do not match, you need to give a very good explanation of why.
   » Below are possible reasons for more Check-ins than voters.
   » A Touchscreen voter fled without pressing Print Ballot, and you had to cancel the ballot.
     » If you know which voter fled, call the Call Center to cancel the voter's check-in.
     » If you don’t know, use this as your explanation.
   » A voter fled with their ballot, or spoiled their ballot and left without voting.
     » If you know which voter, call the Call Center to cancel the voter's check-in.
     » If not, use this as your explanation.
   » The Scanner is not working at the end of the night.
     » If there are uncounted voted ballots, type “Uncounted Voted Ballots” in the text box.
     » If all ballots were counted, but you couldn’t retrieve the total because the Scanner was of, call the Call Center to report you were unable to retrieve your Total Votes because the Scanner wasn’t working.
   » Other
     » If none of the above apply, enter your explanation.
     » There must be an explanation. The word "Other" is not enough.

More Check-ins than voters

It is very important that the number of Check-ins matches the number of voters, so don’t just use “Other” as a catch-all.

» If your totals do not match, you need to find out why and explain.
If you have more votes than voters and you don’t know why, there is a serious problem.

- You may lose pay or not be asked back as a Judge.
- You must attempt to give a solid explanation of why.

Card Activator Issues

1. Check the Card Activator icon at the top right on the ePollbook.  
   → It will more than likely be red with an exclamation point.
2. Clean the chip of the Voter Card with the eraser.
3. Try a different Voter Card.  
   → If the other card works, label the defective card (Bad Card) with blue tape and remove it from circulation.
4. Make sure the silver brace is far enough into the slot on the right side of the ePollbook, its not leaning or loose and that the screw is tight.
5. Make sure the Activation Card is inserted properly in the Card activator slot.  
   → The face of the side with the Voter Arrow should be facing the voter and the white side should be facing you.
6. Make sure the blue light on the Card Activator comes on when the Activation Card is inserted.
7. Re-seat the Card Activator and silver brace.  
   a. Unplug the power cord from the Card Activator.  
   b. Loosen the screw on the silver brace.  
      → Just enough to loosen it.  DO NOT completely unscrew it.
   c. Unplug both the Card Activator and silver brace.  
      → Wait 5 seconds after unplugging.
   d. Slide them both back in without the power.
   e. Tighten the screw.
   f. Plug the power cord back in if the Card Activator icon at the top right turns green again
8. Reboot the ePollbook if steps 1-5 do not work.
9. Call the Call Center if these steps did not work.
Rebooting the iPad

1. Press and hold the Home and power buttons at the same time.
   a. Keep holding them through the “slide to power off” prompt.
      → DO NOT slide to power off for this step.
   b. Let both buttons go when the screen goes black and you see the Apple logo.
      → The Apple logo will show up a few seconds after the “slide to power off” prompt goes away.
      → The reboot will take a few seconds.
      → The screen will show a colorful background, with the time at the top after the reboot.

2. Press the Home button again.
3. Tap the “P” at the bottom of the screen.
   → The screen will go back to the Get Started Screen.
4. Tap the black “Get Started” button.
   → The “Enter Pollworker Credentials” screen will appear.
5. Enter the Username and Password.
6. Tap the black “Sign-in” button on the right.
   → The “Check-in Option” screen will appear.
   → The reboot is complete.

**Ballot Issues (continued)**

Voter wants to mark a new ballot

- **If the voter chooses to use the Touchscreen to mark their new ballot:**
  1. Send them to the Station 1 to have a judge reactivate their Voter Card.
  2. Bring up the voter’s name on the list of voters.
  3. Tap the gear icon on the left of the voter’s name.
  5. Tap the “OK” button when the “Success” window pops up.
  6. Send them to the Touchscreen to mark a new ballot.

- **If the voter chooses to use a Paper Ballot to mark their new ballot:**
  1. Send them to the Station 2 to get a new Paper Ballot.
  2. Send them to a voting booth to mark it.

Defective Or Misread Ballots Detected

There is damage to the marks on the edges of the ballot that the Scanner uses to process the ballot. A message that the ballot was Misread or Defective will appear on the LCD screen and the ballot will eject.

- **If the ballot is defective, give the voter a new ballot.**
  1. Explain that the ballot has not been counted and needs to be re-inserted.
  2. Follow instructions above for “Voter wants to mark a new ballot”.
  3. Spoil their Defective ballot and put it in Spoiled Ballot Envelope 303.

- **If the ballot was misread, give the voter a chance to mark a new ballot.**
  1. Explain that the ballot has not been counted and needs to be re-inserted.
  2. Have the voter re-insert the ballot in different orientations.
     → If after a few tries, the ballot keeps returning...
        A. Have them press the “Return” button and gently remove their own ballot.
        B. Give the voter a new ballot. → Follow instructions for “Voter wants to mark a new ballot” on page 183.
        C. Spoil the ballot and put it in Spoiled Ballot Envelope 303.
### The Scanner is not accepting ballots

Make sure that the Scanner is powered on.

- **If power is not the issue**, have voters use the Alternate Ballot Box until your Scanner is fixed or replaced.
  1. Unlock and open the Alternate Ballot Box door.
  2. Open the slot from the inside.
  3. Close and lock the Alternate Ballot Box door.
  4. Instruct voters to use the Alternate Ballot Box to cast their ballots after a judge initials them.
  5. Call the Call Center.

**If the Scanner is replaced, see “Scanner Replacement” on page 191.**

**If you have a working Scanner after the polls close,**

1. Remove the ballots from the Alternate Ballot Box.
2. Scan them in the Scanner.

### Clearing Ballot Jams

#### Jam in the Front Slot

The Scanner will give a message “Clear Paper Jam” with a red arrow pointing toward the ballot.

1. Explain that the ballot has not been counted and needs to be re-inserted.
2. Instruct the voter to gently remove their ballot.
   - **If the edges and corners are not visibly damaged**, have them re-insert the ballot.
   - **If there is visible damage to the ballot**...
     A. Give the voter a new ballot.
        → Follow instructions for "Voter wants to mark a new ballot" on page 183.
     B. Spoil the ballot and put it in Spoiled Ballot Envelope 303.

#### Jam in the Main Exit slot or the Diverter Exit slot

**Ballot WAS cast (part 1)**

The Scanner will give a message saying “Assistance Required”.

1. Press the Security Key to the Security Key receptacle.
2. Enter the PIN.
   → The screen will say “Paper Jam” “RESULTS HAVE BEEN SAVED” “Try to manually remove the ballot from the MAIN EXIT slot” or “Try to manually remove the ballot from the DIVERTER EXIT slot.”
Clearing Ballot Jams (continued)

3. Explain that the ballot has been counted but is jammed in the Exit slot.
4. Break the seal on the door covering the latch to move the Scanner to clear the jam.
   → Place the broken seal in Used Seals Plastic Bag 605.
5. Unlock and Lift the cover and unlatch the Scanner.
6. Slide the Scanner forward and remove the ballot.
   → Place it in the Ballot Box slot so that it drops into the Ballot Box.
7. Press the “OK” button.
8. Press the “Exit” button on the “Main Menu” screen.
   → You will see “Start Voting Session Confirmation”.
9. Press the “Conf rm” button.
   → This will take you back to the main “Please insert Ballot” screen.
   → The Scanner is ready to accept ballots again.
10. Slide the Scanner back into place.
11. Re-latch the Scanner.
12. Close the cover.
13. Record the seal number on the Record of Seals.

▶ If the ballot jam has not been cleared, you will see “Residual Paper Jam! Please try to clear paper jam manually before entering the menu”.
   A. Repeat steps 4-9.
   B. Press the “Cleared” button.
   C. Press the “Exit” button on the main Menu.
      → You will see “Start Voting Session Confirmation”.
   D. Press the “Continue” button.
      → This will take you back to the main “Please insert Ballot” screen.
      → The Scanner is ready to accept ballots again.
14. Lock and seal the cover to the latch when done.
15. Record the seal number on the Record of Seals.

Memory Card Issues

When setting up the Scanner before Election Day or before the polls open on Election Day, if you see the message “Verification Failed. Audit log file verification failed”, followed by “Startup Error”, call the Call Center.

- The Memory Cards have been corrupted and your Scanner is no longer usable.
- Use the Alternate Ballot Box until a Field Tech Judge comes with the new Scanner
  1. Unlock and open the Alternate Ballot Box door.
  2. Open the slot from the inside.
  3. Close and lock the Alternate Ballot Box door.
  4. Instruct voters to use the Alternate Ballot Box to cast their ballots after a judge initials them.

  ⇒ If the Field Tech Judge determines that the Scanner is not usable,
      → They will power it down and remove it from your Polling Place.

  ⇒ When the Field Tech Judge brings the new Scanner,
      1. Set up the new Scanner following the setup procedures, starting on page 51.
      2. Begin using the new Scanner.

- Before closing polls on the Scanner at the end of the day...
  1. Remove the ballots from the Alternate Ballot Box.
  2. Scan them into the new Scanner before completing the Statement of Ballots.
Transmission Issues

1. Make sure the antenna is connected to the modem and is placed on top of the VSC.
   a. Check all the connections.
      → There is a USB extension cable that connects the modem to the Scanner.
   b. Make sure both ends are secured.
      → Modem’s USB cable plugs into the top USB port on the Scanner.

2. Press the “Retry” button.
   → The Scanner will make a second attempt at transmission.

3. Move the antenna to a different location, still connected to the VSC and press the “Retry” button again for a third attempt.

4. Press the “Cancel” button if the Transmission fails a 3rd time.

   ▶ If your transmission fails in the morning during setup, the screen will go to the “Ready” screen.
      → Call the Call Center after 9:00 AM.

   ▶ If your transmission fails during closing, continue on with to step 5 below.

5. Cut the Results Transmission tape.

6. Make note that the transmission failed 3 times on the tape.

7. Place it in Plastic Bag 601.

8. Call the Call Center to notify them that the transmission failed 3 times.

9. Inform the Receiving Station of the issue when delivering Plastic Bag 600 and the Wheeled Ballot Bag.
Scanner Replacement

The Scanner is no longer accepting ballots or is damaging every ballot.

If the Scanner is damaging every ballot or is no longer accepting ballots, follow steps 1-3 and call the Call Center. You may need a new Scanner.

Follow steps 5-7 on this checklist when replacing a Scanner.

*Only after a Technician has replaced the Scanner in step 4.*

Check the box next to the item as it is completed.

- Touchscreen Troubleshooting
- Activation Issues

During Touchscreen operation, there are several situations that may require Judges to perform simple repair functions. In other cases, the Judge will have to call the Call Center. The table below notes some common situations and the corrective action required.
### Reactivating a Voter Card

The Voter Card will need to be reactivated for any of the following reasons:

- **Voter Card timed out**
  - Voter Cards time out an hour after activation.
- **Voter says they have the wrong ballot or selected the wrong party.**
  - This must happen before the ballot is cast.
- **Voter wants a new ballot.**
  - Selection error, overvotes, undervotes, defective ballots, etc.

1. Bring up the voter’s record on the ePollbook.
2. Tap the gear icon to the left of the voter’s name.
3. Tap the “Reactivate Voter Card” button.
   > A “Creating Card message will appear.
4. Tap the “OK” button when the “Success” window pops up.

### Voter fled

If a Voter Card is removed while voting, prior to casting the ballot, the Touchscreen will beep and the following message will display on the screen: “Voter Card removed. BALLOT WAS NOT PRINTED. Please re-insert Voter Card or call for immediate help.”

- **If the voter **HAS NOT** left the Polling Place.**
  > Tell the voter to re-insert their card in the Touchscreen, chip facing down.
  > They can resume voting.
- **If the voter **HAS** left the Polling Place**
  1. Insert the Poll Worker card, chip facing down.
  2. Enter the 8-digit PIN.
  3. Press “Login”.
     > The ballot will be automatically cancelled on the Touchscreen.
  4. Remove the Poll Worker card.
    > The Touchscreen is ready for the next voter.

**Glossary**

**Activation Code**
Based on where a person lives, the Activation Code determines the specific office(s) and Referendum(s) for that voter. It is listed on the Voter Information Screen on the ePollbook and on the Emergency Voter List. It is used to activate a voter card for use in the Touchscreen.

**Alternate Ballot Box**
The top compartment of the VSC that should be used as a ballot box if the Scanner or the Polling Place loses power, or if the Scanner is inoperable for any reason (jam, misreads, corrupted cards, etc).

**Affidavit for Universal or Provisional Voters FORM 301 (only used if all ePollbooks fail)**
A sworn statement filled out to support a voter's qualifications to vote or receive assistance.

**A.M. Zero Tape**
A diagnostic tape printed by the Scanner before the polls open. The A.M. Zero Tapes list all of the precinct candidates and Referendums and show that all totals are zero.

**Audio Ballot**
A ballot on the Touchscreen which can be heard and not seen or seen if the voter wishes. The voter listens to the ballot on a headset and makes choices by pressing buttons on a keypad connected to the Touchscreen.

**Ballot Style Number**
Based on where the voter lives, the Ballot Style Number determines the specific office(s) and Referendum(s) for that voter. It is listed on the signature book, on the Voter Information Screen and Voter Check-in receipts from the ePollbook.

**Campaign-free Zone**
Election Judges must mark off 100 feet from the entrance to the room where voting occurs to show the area where Electioneering is prohibited.

**Card Activator**
Election Judges use the Card Activator to program each voter's voter card with their appropriate Activation Code when voters are checked in on the ePollbook. Voters then insert the activated voter card into the Touchscreen to mark their ballot.

**Credential**
An official document presented by a Poll Watcher or another official election observer to gain entry into a Polling Place.

**Curbside Voting**
Requested by an individual who has difficulty entering or is unable to enter the Polling Place. Election Judges bring voting supplies to the voter outside of the Polling Place.

**Disenfranchise**
The act of depriving a person of the rights or privileges to vote.

**Duty stations (1 - 3)**
The duties and responsibilities of the Election Judges on Election Day are assigned to one of three stations in the Polling Place.

**Electioneering**
The act of trying to influence someone's vote. It includes displaying or handing out buttons, posters, symbols or logos, or campaign literature. It is prohibited inside the Polling Place, or within 100 feet of the entrance to the room where voting occurs.

**ePollbook**
Electronic Voter Check-in system using an application on an iPad to check voters in to vote. The application includes all voter-associated processes and affidavits for Regular and Special Circumstance Voters. The application allows voters to sign on screen using a fingertip or a stylus. Judges use the ePollbook for other functions during the day, like signing in, ballot inventory, results entry, etc. There are at least 2 ePollbooks assigned to each precinct.
Polling Place Technician (PPT)
Each precinct is assigned at least one PPT, who serves as point of contact for the Election Judge team before Election Day. On Election Day, they help to ensure that the voting equipment is set up properly, working throughout the day and that the polls are closed properly at the end of day and the Statement of Ballots is complete. Election Judges are trained to set up and close, so the PPT is there to assist if needed. The PPT’s main function is troubleshooting equipment and helping voters with equipment related issues. PPTs are assigned to sit at Station 2 and help with issuing paper ballots. This will allow them the freedom to move around the precinct when needed. The PPT will be one of the Election Judges to return material to the Receiving Station. For a more detailed description of the PPT duties, see page 1 of this manual.

Inactive Voter
A voter who has been removed from the active voter list, but may still vote after signing an affidavit.

Mail Ballot
Voters can cast ballots before Election Day by voting by Mail Ballot.

Magnifier
A voter aid used to enlarge the type on the ballot. It is available to all voters at Station 2.

Memory Card
A card, found inside the Poll Worker door, on the front of the Scanner. It contains programmed information for each precinct to record the votes cast on the Scanner during the day. It must be removed from the Scanner and delivered to the Receiving Station in Plastic bag 601 at the end of the night.

Election Judge Oath
Administered before the polls open. Every Judge signs it. It is done on the ePollbook.

Open First Envelope
Includes lanyards with keys, the Security Key for the Scanner and Touchscreen, Poll Worker Cards, an instruction letter, special instructions from the Clerk’s office and other important information.

Scanner
A machine that scans votes on Paper Ballot cards and Touchscreen marked paper ballots. It is located inside the VSC, directly over the Ballot Box. The door to the Scanner must be open for voters to use it throughout the day.

Overvote
Occurs when too many candidates are selected in a particular race. No vote is recorded for the office. The Touchscreen machine will not permit Overvotes. The Scanner will not hold the ballot and give the voter the option to cast the ballot as-is or spoil it and mark a new one.

Pollstar
A portable plastic voting booth.

Poll Watcher
An individual who represents a political party, independent organization, or a proponent or opponent of a Referendum who is legally in the Polling Place to observe the conduct of an election. A Poll Watcher must surrender credentials to gain entry.

Touchscreen Printer
Next to or beneath the Touchscreen. It prints out the voter’s selections from the Touchscreen that are cast by inserting the printout into the Scanner.

Provisional Voting
A Provisional ballot is issued to a voter if there is a question regarding his or her registration status or eligibility to vote. Provisional Voters can only mark a ballot on a Touchscreen.
Glossary (Continued)

Referendum
Ballot initiatives or questions of public policy that voters are asked to decide by voting Yes or No.

Results Tapes
A printed consolidated total of votes from the Touchscreens and the Scanner that each candidate received in a given precinct. This tape is printed by the Scanner after the polls have closed.

Wheeled Ballot Bag
A bag containing all the voted ballots and other evidence of the election. It is delivered to the Receiving Station at the end of Election Day.

Write-in Tapes
A printed consolidated total of Write-in votes from the Touchscreens and the Scanner that each candidate received in a given precinct. This tape is printed by the Scanner after the Results Tapes.
